Please find below the comments that have been received from Highways in relation to the discharge of condition 5:

Highways have reviewed the Construction Management Plan (CMP) prepared by Craven Turner Street Ltd, dated 28th February 2020, and confirm acceptance sufficient to discharge this Condition, subject to adherence with the following:

- The applicant and their contractor(s) using only the type of vehicles, routing, frequency and times of loading / unloading activity as specified by the applicant in their CMP;
- The applicant and their contractor(s) proactively managing mitigation as defined and offered within the CMP; and,
- The applicant and their contractor(s) ensuring that any variation in construction start / end dates, duration and/or terms of the CMP are discussed and agreed in-advance with the Council's Highways Applications and Network Resilience team (Tel. 0161 234 5004).
