Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: My main objection is around access to the arena, at the moment I can get the train right to the Manchester Arena, if this closed and I had to get to the Etihad I would have to use my car and add to the congestion that would be created by the new venue. I have seen this first hand when there has been concerts at the football stadium because of where we live I have had to take and collect my children and the congestion has been horrendous.

Thanks.
