Central CPD Framework Travel Plan

Duplex 4, Ducie House, Manchester

Central CPD is committed to supporting sustainable travel, both at its current London venue, as well as the proposed new venue in Manchester.

When searching for an appropriate training venue in both locations, access to public transport has been at the forefront of the search criteria- many of our competitors rely on single occupation car travel to reach their venues, so accessibility via public transport has become one of our USPs.

Planning Policy

Our travel plan is in line with the 2040 vision set by the Greater Manchester Mayor and Combined Authority to achieve 50% of all journeys in Greater Manchester to be made on foot, by bike or using public transport.

Company Policy

Central CPD has a strong sense of corporate social responsibility and our current record of 95% of all travel to our London training centre being made by public transport, by foot or by bike, supports this.

We will aim to bring this culture of sustainable travel to our Manchester training centre and continue to encourage our staff and delegates to reach us using the most sustainable travel routes available to them.

Existing Site

- 204a Manor Place, Kennington, London.
- 3 minute walk from nearest tube station, 1 stop from Waterloo and 6 stops from Euston/Kings Cross giving easy access to National Rail.
- Multiple bus routes and overground train routes within walking distance.

ATTENDANCE + ON-DEMAND

- Within 1 hour of all London airports utilising public transport
- No allocated parking available, on street parking with permits available from Central CPD by prior agreement.
- Secure gated cycle parking for 10 bikes.
- Shower available and promoted for cyclists and runners

Proposed Future Site

- Duplex 4, Ducie House, Manchester
- 4 minute walk from Manchester Piccadilly, allowing easy access to National Rail, overground trains, and Metrolink tram routes.
- Multiple bus routes within walking distance.
- Within 30 minutes of Manchester airport utilising public transport
- No allocated parking available, multiple public car parks within a short level walk
- Secure gated cycle parking for 10 bikes.
- Showers and lockers available on site for cyclists and runners

Anticipated Travel

Central CPD anticipate running on average 3 courses a week, with 10-25 delegates on each course. Delegates will travel nationally and internationally to attend our training courses, with 30 % expected to have a journey time of an hour or less.

It is expected that at least 85% of delegates will use public transport for all or the majority of their journey with National Rail being the most frequently used.

There will be on average 2-4 staff members on site at any one time, they will be encouraged to travel via public transport for all or the majority of their journey as appropriate.

Attached below is the information that our delegates receive to direct them to our London training centre, a similar document will be produced for our proposed Manchester training centre, emphasizing our proximity to multiple public transport routes and encouraging the use of sustainable travel methods.

How to find us...

The Clinical Skills Lab

204a Manor Place, Kennington,
London, SE17 3BD

Directions

The Clinical Skills Lab at Manor Place is located in an easily accessible part of Central London, both by car and public transport. We recommend that public transport is taken where possible, to allow for a quicker and more relaxing journey.

To find your quickest route, please visit www.tfl.gov.uk

By Plane

London City Airport - approx 40 mins
London Gatwick - approx 1 hour
London Heathrow - approx 1 hour
Luton Airport - approx 1 hour

By Car

Manor Place is situated just off the A3 in Kennington. Use the postcode SE17 3BD for navigation. On-street, metered parking is available nearby.

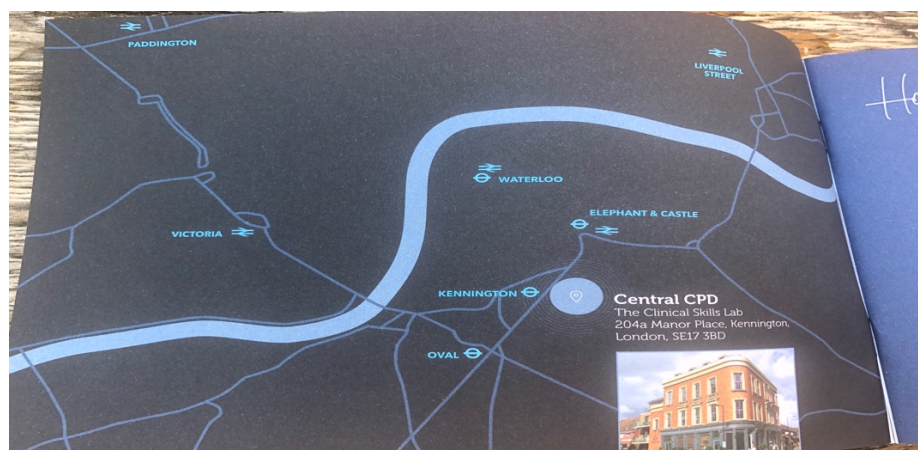

By Train

Manor Place is located less than 5 minutes walk from Kennington tube station, which connects directly with London Waterloo, London Bridge, Kings Cross/St Pancras and Euston mainline stations via the Northern Line.

Thameslink - Elephant & Castle Train Station is a 10 min walk away, offering direct access to areas of Hertfordshire, Kent & Surrey.

By your own steam

If you would like to run or cycle to the course, we have shower facilities available to freshen up before your course starts. We can securely store bikes. Alternatively, there is a Santander Cycles (Boris Bikes) docking station opposite Manor Place.

Deliveries

Unloading will be on Aqueduct Street, a quiet side street with double yellow lines, which allows direct access to the rear of the unit.

ATTENDANCE + ON-DEMAND

Servicing

Minimal servicing is expected, other than annual ventilation and equipment servicing. Local companies will be used and directed to the nearest public car park, which is 0.1 mile level walk.

Waste Management

Based on our current waste production at our London training Centre it is anticipated that we will produce approx 200 litres of general waste and 150 litres of recycling / week, which will be stored in the communal waste management system at Ducie House, with 4 weekly collections. Food waste produced will be collected on a weekly basis by First Mile, a carbon neutral food recycling company.

It is therefore expected that any travel associated with Central CPD occupying Duplex 4, Ducie House will have minimal impact on the surrounding area.

Full Travel Plan

A full travel plan will be developed within the first 3 months of operation, monitoring mode of transport by staff and delegates within this.

Communication to our staff and delegates will be altered to reflect the full travel plan if our anticipated target of 85% using public transport has not been reached.

Yours Sincerely

BVM&S GPCert(SAM) MRCVS

Director, Central CPD Ltd
