Comment Reasons:

Comment:I'm totally against the plans for the new arena and feel the new arena would jeopardise the future of Manchester Arena and the surrounding businesses. Manchester Arena is in a perfect location for direct access to main transport hubs which makes travelling to and from the Arena seamless and part of the build up to what makes Manchester Arena so great is being able to walk around Manchester City Centre beforehand taking in the historic buildings visiting a art museum then having lunch in one of the many restaurants knowing when its time to get to the Arena it is minutes away.

Over the years I have used Manchester Arena many times from watching Disney On Ice with my daughter to watching Monster Trucks battle it out with my son and going to watch some of the finest music artists such as Noel Gallagher, Liam Gallagher, James, The Sterophonics, The killers, Manic Street Preacher's and many more.

Not only is Manchester Arena part of our culture it is a place of remembrance for the 22 lives lost and should be protected and preserved.

So please reconsider any plans for the new arena and thank you for taking time to read this and keep safe .
