Comment Reasons:

Comment: Why would you consider another arena so far outside the city centre, especially an area with little parking & poor transport services that cannot cope with the egress of large crowds.

Last summer i had to walk from City centre to Eastlands & back in heavy rain for the Metallica concert as all trams & buses were full with large queues. Even more so on the way home.

Manchester Arena is ideally placed in the City centre near to all available bars, restaurants & transport links.

If this venue closed i would have to drive which would mean i would not spend time having a meal & a drink thus costing the City valuable revenue.

Please only have one arena & that should be in the city centre not miles outside.
