Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: My wife, daughter and I all object to this Eastlands application.

Both my wife and I work in Manchester, we believe this application is not in the best interests of Manchester as a whole. It would adversely affect city centre businesses that benefit from a prosperous Arena which has a direct public transport link into its venue that enables many people who travel to the arena from both local and wider regions to attend events via a convenient method and avoids additional greenhouse emissions in the city that would be created by a new large venue.

City centre businesses are at threat and desperately do not need more strain and loss of business due to an arena turn down in large events. The city centre needs a helping hand.

We urge the council to reject this application.
