Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Manchester has already have an arena which is located centrally and accessible from all directions. This second option will cause damage to businesses in city centre, longer travelling time for majority of public to attend at events. In such unprecedented times that all businesses including Manchester arena are financially affected, this new development is not what Manchester would need. I don't believe this is a good idea and hence have objection to this proposal.
