Commenter Type: Member of the Public

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Manchester Arena and the surrounding hospitality area will suffer - the current arena is in a perfect location for live entertainment, with hotels, bar and restaurants all located within walking distance, as well as public transport situated close by.

An out of centre arena will encourage having more private car journeys which will have a negative effect on the environment, as the public will not want to make multiple transfers between public transport to get to an out of town arena.
