Comment Reasons:

Comment: Please do not build a new Arena, there is nothing wrong with the one we have.

Manchester council should not have to pay for this as its money can be used better. I think

Manchester will lose business from hotels, shops and tourists. They will already lose from the

Covid 19. If it is being funded by the international people that have shown interest, they should pay for everything and also compensate the council as what will happen to the MA building and land it will just become a blight around Manchester. I have been to events at Eastlands and it is very hard to get away from there not like the arena that has lots of buses, 2 train stations and numerous taxis. In fact I have never managed to get any transport home from Eastlands I have always had to walk into Manchester to do so.
