Comment Reasons:

Comment: I don't think there is need for another large arena in Manchester. Manchester arena holds a lot of memories for those who have attended and i would hate to see less artists coming to this one due to another arena that is close. The arena is perfect, close to transport, especially the trains. I travel from doncaster there and i feel safe that i know a good route home. Also if i need to leave early for the last train it's easy to do so. Please reconsider the build of a new arena.

Manchester arena had plans to expand and revamp its premises - why create a new problem for them, if theres no demand whatsoever for a new arena.

Thank you for your time,
