Dear Ms. Atkinson,

On behalf of Kennedy Street, please accept our letter of support for the new entertainment arena project located on the Etihad campus as presented by Oak View Group. Kennedy Street is one of the main promoters in the UK, we believe the new venue will be transformative to Manchester both culturally and with significant local economic benefits. Our company and its clients have worked in Manchester for many years and a new arena and outside the city centre giving additional choice to Artists and their fans would be well received.

Kind regards
Danny Betesh
