Good morning Andy,

Good to meet up yesterday.

I can confirm from a Keolis Metrolink perspective, we have no objections to works proceeding as long as all usual precautions are taken whilst working the vicinity of the Metrolink infrastructure. Works and scaffolding are sufficiently remote that isolations and/or possessions of the Metrolink lines are not required. However we would ask for notice of works commencing.

Should you have any further queries please feel free to contact me directly.

Kind regards
Gregg

Hi Gregg

Thanks for your time this morning. Hope your second meeting was as simple.

I am writing as promised to ask that you drop me a line to confirm our discussions and let me have evidence that the planning conditions 5 and 6 (copy attached) can be submitted to Manchester for discharge

Many thanks

Andy
