Good afternoon,

Please see below responses to your invalid letter and additional information request -

1)A noise survey is booked in and the report will be issued asap.
2)The total new floor space for the development is: concrete slab base - 84m2, cabin floor area - 56m2.
3) The existing contract is with Biffa and the attached environmental policy has been provided. In addition I have attached the email chain from our client with regard to their on-site waste management, I have drawn out the following quote from our clients email Xpress Centre has a national account with Biffa to collect our waste from each Centre on a weekly basis

"All hazardous waste is stored inside the centre in EU compliant metal containers surrounded by bunding and sealed spill/catchment trays. The hazardous waste is collected using a waste management company who is certified and registered to collect and move hazardous waste "

Please let me know should need any further information.

Kind regards,

Isabelle
