Commercial Unit 6, 40 Laystall Street, Manchester, M1 2JZ
Tenant Operating Schedule

We have thought about potential regulative and social requirements when we were designing a business plan. Regarding the documents you've mentioned, we have considered most obvious measures to comply with the licencing objectives. Obviously, we will make sure that our staff is aware and trained appropriately in relevant legislation and house policies (emergency procedures, fire safety, legislation for their employment, policies regarding drugs, alcohol abuse, child's protection, etc.) as well as trained in responsible serving of alcohol (alcohol effects, available types and range of served beers, penalties for selling alcohol to a person who is drunk, how to make refusal, etc.). Below you will see the measures we are willing to take for each specific licencing objective:

1. The prevention of crime and disorder

- We are going to be responsible with the promotion and sale of our beers. Our advertising will focus on promoting people slowly enjoying our range of beers rather than persuading them to drink more and faster.
- We will have a written policy in relation to preventing, identifying and managing drunkenness.
- We will not serve persons who are visibly strongly intoxicated and our personnel will be trained to refuse such clients as well as to manage similar situations.
- We will be serving affordable alcohol-free drinks as well as providing tap water on demand.
- The beers with high % abv will be sold in limited volumes - 1/3 or 2/3 of a pint per person. Thus, we manage the drunkenness of our customers as well as preserve the taste and quality of the beers.
- To ensure that there is no use of any drugs we are committed to arrange searches of premises and regular checks of toilets as well as training our staff in drug awareness. In addition, we will introduce posters encouraging customers to ensure their drinks are not left unattended.
- Regarding the safe capacity, working with our fitters we established a number of sitting customers we can admit. We also designed the premises to assist traffic

flow and prevent congestion (fridges and bar are separated from each other, there are no chairs next to the bar, etc.)

- We will have CCTV cameras both inside and outside to identify any problems and if necessary assist investigations.
- The glass collection arrangements from both inside will be in place.
- The staff will be instructed when to contact the emergency services (police, ambulance, firefighters)

2. The prevention of public nuisance

- We will have a sign prohibiting drinking outside the premises.
- We will have sound restrictions to our equipment. Moreover, the music won't be played outside of the premises.
- The smoking will be prohibited inside the premises (including e-cigarettes, vapes, etc.). Outside there will be a specific bin to maintain the area clean from any cigarettes or litter.

3. Public safety

- We will ensure the safe transport home of vulnerable customers or requesting medical assistance when needed.
- In the bathroom there will be a poster with a "safe" word that a client can use at the bar or with any staff in case he/she needs help or feels unsafe.
- We will have signs asking the customers to leave quietly not disturbing the neighbours.

4. The protection of children from harm

- We are considering preventing children using the premises, however, if it this policy is not implemented we are going to instruct staff to be conscious of any children within the premises and particularly at the bar.
- We will introduce specific instructions how to prevent children from accessing alcohol and protect them from intoxicated individuals. We will also restrict access to fridge and bar areas to adults only.
- Staff will also be instructed how to identify if a child is feeling unsafe or vulnerable and take appropriate actions.

We are not going to operate after 11pm, therefore, we are not violating the terminal hours for Ancoats and New Islington Regeneration Framework area according to the Statement of Licensing Policy. Please see our hours below:

Monday	1pm-9pm
Tuesday	1pm-9pm
Wednesday	1pm-9pm
Thursday	1pm-9pm
Friday	1pm-11pm
Saturday	1pm-11pm
Sunday	1pm-9pm
