You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. You should use the same numbering on your sketch plan (see help for sketch plan requirements).

Please provide the following information:
- Tree species
- The number used on the sketch plan); and
- A description of the proposed works.

Where trees are protected by a Tree Preservation Order you must also provide:
- Reasons for the work; and where trees are being felled
- Proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

e.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with one standard ash in same position.

T2,3,4,5,6 - Self seeded Sycamore - Removal of trees between drive way and boundary fence. This are low amenity and are also causing maintenance issues with regard to blocking high difficult to access gutters.
T7- Lime to front garden - Removal of two ground level side shoots to preserve form of the tree and prevent increase of shading to the lawn. Trim high level canopy away from house gutters.
T8- Self seeded Sycamore - Removal as the tree is de-stabilising the brickwork boundary wall.
T34, 31 - Ash - Removal after complaints from residents of the apartments that birds are sitting in the branches and defecating on the cars below. This has resulted in damaged paint work to the cars and cars being parked out of spaces causing friction between the residents.

6. Trees - Additional Information

For all trees

A sketch plan clearly showing the position of trees listed in the question 'Identification of Tree(s) and Description of Works' MUST be provided when applying for works to trees covered by a Tree Preservation Order. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes).

It would also be helpful if you provided details of any advice given on site by an LPA officer.

For works to trees covered by a TPO

Please note: If none of the proposed work involves trees covered by a TPO, please answer 'No' to the two questions below

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application MUST be accompanied by the necessary evidence to support your proposals (see guidance notes for further details).

(c) related to a member of staff

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
