Subject	Manchester Museum Discharge of Conditions PL3
Project No/Name	237010 Manchester Museum Courtyard

Application Number 118410-FO-2017
Condition 03

- No cooking currently takes place in the kitchen prep area. This area is used for food prep before cooking and wash up, these activities do not generate the fumes associated with cooking. Kitchen in the café is outside of the approved scheme. There will be a new mechanical ventilation system in the kitchen prep area and its primary purpose is to remove moisture and heat added to the air by dish washing equipment. This is a like for like replacement of the existing mechanical ventilation system in the kitchen prep area.
