Informatives

This decision relates to the extension or improvement of an existing dwellinghouse, falling within Class C3 of the Town and Country Planning (Use Classes) Order 1987 (as amended) and does not infer or imply approval for the use of the property for any other purpose.

Manchester City Council has made an Article 4 Direction to remove permitted development rights that allow for a change of use from Class C3 - *Dwellinghouses* to Class C4 - *House in Multiple Occupation*. This means that from 8 October 2011, planning permission is required for a change of use from a Dwellinghouse to a House in Multiple Occupation. Further information regarding the Article 4 direction can be found on Manchester City Council's website:

www.manchester.gov.uk/info/200074/planning/4847/article_4_direction

If you intend to use the property to which this decision relates for any purpose other than a dwellinghouse, you should first contact Manchester City Council's Planning Service. Failure to obtain any necessary planning permission prior to carrying out a material change of use or physical development could result in enforcement action being taken, which can have serious implications.

This permission does not grant approval under Building Regulations.

Party Wall etc. Act 1996 - Where the intended work is to an existing party wall (section 2 of the Act) notice must be given, even where the work will not extend beyond the centre line of a party wall, you must inform all adjoining owners.

Planning policy states that the waste storage containers should be accommodated within the boundary of the site to the rear of the property.

Where the storage area is to be visible from the boundary of the property, an enclosure for the containers should be provided. Each individual household must be able to contain a minimum area that would house 4 x 240L bins externally. Any storage area must be made of a hard impervious service which can be washed down to remove any residue within the boundary of the property.
