MANCHESTER CITY COUNCIL

Important – Planning permission & notices of consent

Compliance with conditions

- Your planning approval or consent is attached. It will contain conditions that you must comply with.
- Please read the conditions and understand their requirements and restrictions, for example submission and approval of details or measures to protect trees.
- Some conditions will require action before you start development and it is imperative that you seek to have these discharged before any work commences.
- Whilst every effort has been made to group conditions logically, it is your responsibility to ensure that you are aware of the requirements and/or restrictions of all conditions.
- If you fail to comply with the conditions this may result in a breach of planning control and this may lead to enforcement action.
- Failure to comply with conditions may also result in the development not being lawful.
- It is in your interests to demonstrate that conditions have been complied with. Failure to do so may cause difficulties if the property is sold or transferred.
- A fee is payable for each request to discharge conditions.
- For advice on any of these matters, please contact Planning, Manchester City Council, PO Box 532, Town Hall, Manchester M60 2LA or email planning@manchester.gov.uk

MANCHESTER CITY COUNCIL

Town & Country Planning Act 1990 (as amended)

Planning Permission

Applicant

Vita Satellite 2 Ltd
C/o Agent

Agent (if used)

Mr Niall Alcock
Deloitte LLP
PO Box 500
2 Hardman Street
Manchester
M60 2AT

Part 1 – Particulars of the application/development

Proposal: Erection of 18 storey serviced apartment building (384 units) with ancillary retail (A1, A2, A3, A4), residents' hub and associated access and landscaping.

Location: Former BBC Site, Oxford Road, Manchester, M1 7EN

Date of application: 23 December 2016

Application number: 114863/FO/2016

Part 2 – Particulars of decision

Manchester City Council gives notice that the development referred to in Part 1 has been **Approved** in accordance with the application and plans submitted subject to the condition(s) listed below (if any).

Article 35 Declaration

Officers have worked with the applicant in a positive and pro-active manner to seek solutions to problems arising in relation to dealing with the planning application. This has included on going discussions about the form and design of the developments and pre application advice about the information required to be submitted to support the application.

Condition(s) attached to this decision

1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2) The development hereby approved shall be carried out in accordance with the following drawings and documents:

(a) Site location plans 1863/P/0500/A, 1000/A and 1001/A;

(b)1863/P/2001/A, 1863/P/2002/A, 1863/P/2003/A, 1863/P/2008/A;

(c) 1863/P/2700/A, 1863/P/2701/A, 1863/P/2800/B, 1863/P/2801/B 1863/P/2810/A, 1863/P/2812/B, 1863/P/2813/A;

(d)1863/P/3100/B, 1863/P/3101/B, 1863/P/3102/B;

(d) Refuse collections plan 1863/SK/170203/NO-01 (subject to bins being removed from the pavement following collection);

(e) Mitigation measures as set out in the Flood Risk Assessment (FRa) from Curtings Consulting (Ref ICMA0040/FRA/P1B dated 15th January 2016

(f) Recommendations contained in CWC Energy Statement dated 08-12-16 and SAL's Breeam 2014 Stage 2 Pre-assessment Tables dated 02-12-16; and

(g) Recommendations in sections 4,5 and 6 of the Crime Impact Assessment Version A dated 15/12/16;

(h) Recommendations and measure set out in the Vectos Waste Management Strategy VN50526 Dec 16; and

(i) Mitigation measures as set out in the Air Quality Assessment undertaken as part of the Environmental Statement (Chapter 16) point 10 with Deloittes Schedule of Consultation responses Document dated 09-02-17 and Air Intakes Dwg 1448-MC63-P2.

Reason - To ensure that the development is carried out in accordance with the approved plans. Pursuant to Core Strategy SP 1, CC3, H1, H8, CC5 , CC6 , CC7, CC9 , CC10, T1, T2 , EN1, EN2 , EN3 , EN6 , EN 8, EN9, EN11, EN14, EN15, EN 16 , EN17, EN18, EN19, DM 1 and PA1 saved Unitary Development Plan polices DC18.1 DC19.1 , DC20 and DC26.1.

3) The development hereby approved shall achieve a post-construction Building Research Establishment Environmental Assessment Method (BREEAM) rating of `very good'. A post construction review certificate shall be submitted to and approved in writing by the City Council as local planning authority within 6 months of Practical Completion of each building hereby approved.

Reason: In order to minimise the environmental impact of the development pursuant to the principles contained in the Guide to Development in Manchester 2 and policies SP1, DM1 and EN8 of the Core Strategy

4) The wheels of contractors vehicles leaving the site shall be cleaned and the access roads leading to the site swept daily in accordance with a management scheme submitted to and approved in writing by the City Council as local planning authority prior to any works excluding implementation of the junction improvements commencing on site.

Reason - In the interest of pedestrian and highway safety, as specified in policies SP1 and DM1 of Core Strategy.

5) Notwithstanding the details submitted with the application, prior to the commencement of development,a programme for the issue of samples and specifications of all material to be used on all external elevations of the development shall be submitted for approval in writing by the City Council, as Local Planning Authority. Samples and specifications of all materials to be used on all external elevations of the development to include jointing and fixing details, details of the drips to be used to prevent staining and a strategy for quality control management, shall then be submitted and approved in writing by the City Council as local planning authority in accordance with the programme as agreed above.

Reason - To ensure that the appearance of the development is acceptable to the City Council as local planning authority in the interests of the visual amenity of the area within which the site is located, as specified in policies SP1 and DM1 of the Core Strategy.

6) Before the development hereby approved (excluding the junction improvements) commences, a report (the Preliminary Risk Assessment) to identify and evaluate all potential sources and impacts of any ground contamination, groundwater contamination and/or ground gas relevant to the site shall be submitted to and approved in writing by the City Council as local planning authority. The Preliminary Risk Assessment shall conform to City Council's current guidance document (Planning Guidance in Relation to Ground Contamination).

In the event of the Preliminary Risk Assessment identifying risks which in the written opinion of the Local Planning Authority require further investigation, the development shall not commence until a scheme for the investigation of the site and the identification of remediation measures (the Site Investigation Proposal) has been submitted to and approved in writing by the City Council as local planning authority. (a)The measures for investigating the site identified in the Site Investigation Proposal shall be carried out, before the development commences and a report prepared outlining what measures, if any, are required to remediate the land (the Site Investigation Report and/or Remediation Strategy) which shall be submitted to and approved in writing by the City Council as local planning authority.

b) When the development commences, the development shall be carried out in accordance with the previously agreed Remediation Strategy and a Completion/Verification Report shall be submitted to and approved in writing by the City Council as local planning authority.

In the event that ground contamination, groundwater contamination and/or ground gas, not previously identified, are found to be present on the site at any time before the development is occupied, then development shall cease and/or the development shall not be occupied until, a report outlining what measures, if any, are required to remediate the land (the Revised Remediation Strategy) is submitted to and approved in writing by the City Council as local planning authority and the development shall be carried out in accordance with the Revised Remediation Strategy, which shall take precedence over any Remediation Strategy or earlier Revised Remediation Strategy.

Reason - To ensure that the presence of or the potential for any contaminated land and/or groundwater is detected and appropriate remedial action is taken in the interests of public safety, pursuant to Section 11 of the National Planning Policy Framework and policy EN18 of the Core Strategy.

7) The development hereby approved shall not commence unless and until a Construction Management Plan, including details of the following:

*A Noise & Vibration section (in addition to a dust emission section) that shall base the assessment on British Standard 5228, with reference to other relevant standards.
*A community consultation strategy which includes how and when local businesses and residents will be consulted on matters such out of hours works and that any proposal for out of hours works (as below) will be submitted to and approved by the Head of Environmental Health , the details of which shall be submitted at least 4 weeks in advance of such works commencing.
*Hours of site opening / operation
* A Site Waste Management Plan,
*A plan layout showing areas of public highway agreed with the Highway Authority for use in
association with the development during construction;
*The parking of vehicles of site operatives and visitors;
*Loading and unloading of plant and materials;
*Storage of plant and materials used in constructing the development;
*Construction methods to be used, including the use of cranes;
*The erection and maintenance of security hoarding;
*A scheme for recycling/disposing of waste resulting from demolition and construction works;
*Details of and position of any proposed cranes to be used on the site and any lighting;
*A detailed programme of the works and risk assessments;
*Temporary traffic management measures to address any necessary bus re-routing and bus
stop closures.
*Details on the timing of construction of scaffolding,
*Details of how access to adjacent premises would be managed to ensure clear and safe
*routes into Buildings are maintained at all times.
*Management of flood risk and pollution;
*Proposal of surface water management during construction period; and

has been submitted to and approved in writing by the City Council as local planning authority.The approved CMP shall be adhered to throughout the construction period and the development shall thereafter be fully implemented in accordance with the plan.

Reason: To ensure that the appearance of the development is acceptable and in the interests of the amenity of the area, pursuant to policies DM1, EN14 EN15, EN16, EN17 and EN18 of the Core Strategy and Guide to Development 2 (SPG).

8) The details of an emergency telephone contact number for the contractors shall be displayed in a publicly accessible location on the site from the commencement of development until construction works are complete.

Reason - To prevent detrimental impact on the amenity of nearby residents and in the interests of local amenity in order to comply with policies SP1 and DM1 of the Core Strategy.

9) No development shall commence until details of the measures to be incorporated into the development (or phase thereof) to demonstrate how secure by design accreditation will be achieved have been submitted to and approved in writing by the City Council as local planning authority. The development shall only be carried out in

accordance with these approved details. The development hereby approved shall not be occupied or used until the Council as local planning authority has acknowledged in writing that it has received written confirmation of a secured by design accreditation.

Reason - To reduce the risk of crime pursuant to policies SP1 and DM1 of the Core Strategy and to reflect the guidance contained in the National Planning Policy Framework

10) Before development commences a scheme for dealing with the discharge of surface water and which demonstrates that the site will be drained on a separate system, with only foul drainage connected into the foul sewer, shall be submitted to and approved in writing by the City Council as Local Planning Authority.The approved scheme shall be implemented in full before use of the residential premises first commences.

Reason - Pursuant to National Planning Policy Framework policies (PPS 1 (22) and PPS 25 (F8))

11) No development associated with the implementation of the Green roofs or the public realm shown in sections 7.4 and 7.5 of the Design and Access Statement dated December 2016 shall be submitted and approved in writing by the City Council as Local Planning Authority to include an implementation timeframe and the following:

(a) A strategy for the planting of street trees within the pavements on Charles Street including details of overall numbers, size, species and planting specification, constraints to further planting and details of on going maintenance; and
(b) Details of measures to create potential opportunities to enhance and create new biodiversity within the development to include bat boxes and brick, bird boxes and appropriate planting;
(c) Details of the proposed hard landscaping materials;
(d) Details of the proposed tree species within the public realm including proposed size, species and planting specification including tree pits and design;
(e) Details of the proposed street furniture including seating, bins and lighting;
(f) Details of external steps and handrails;
(g)Details of an external signage strategy in relation to way finding withing the development and associated public realm;
and
(h) Green Roofs;

The approved scheme shall be implemented not later than 12 months from the date the proposed building is first occupied. If within a period of 5 years from the date of the planting of any tree or shrub, that tree or shrub or any tree or shrub planted in replacement for it, is removed, uprooted or destroyed or dies, or becomes, in the opinion of the local planning authority, seriously damaged or defective, another tree or shrub of the same species and size as that originally planted shall be planted at the same place,

Reason - To ensure that a satisfactory landscaping scheme for the development is carried out that respects the character and visual amenities of the area, in accordance with policies R1.1, I3.1, T3.1, S1.1, E2.5, E3.7 and RC4 of the Unitary Development Plan for the City of Manchester and policies SP1, DM1, EN1, EN9 EN14 and EN15 of the emerging Core Strategy.

12) No development shall take place until surface water drainage works have been implemented in accordance with SuDS National Standards and details that have been submitted to and approved in writing by the local planning authority. The following additional information has to be provided:

In order to avoid drainage condition or discharge the above drainage condition, the following evidence needs to be provided:

(a)Maximising opportunity for SuDS inclusion into the proposed green spaces;

(b) Assessment of overland flow routes for exceeding conditions the flow routes need to divert surface water runoff away from properties on and off site;

(c) Surface water management during construction; and

(d) Agreement by United and Utilities and Environment Agency that they accept the proposal and connections.

Reason - The application site is located within a critical drainage area and in line with the requirements in relation to sustainable urban drainage systems, further consideration should be given to the control of surface water at the site in order to minimise localised flood risk pursuant policies EN14 and DM1 of the Core Strategy for Manchester.

13) No development hereby permitted shall be occupied until details of the implementation, maintenance and management of the sustainable drainage scheme have been submitted to and approved by the local planning authority. The scheme shall be implemented and thereafter managed and maintained in accordance with the approved details. Those details shall include:

(a)Verification report providing photographic evidence of construction as per design drawings;
(b)As built construction drawings if different from design construction drawings;
(c)Management and maintenance plan for the lifetime of the development which shall include the arrangements for adoption by any public body or statutory undertaker, or any other arrangements to secure the operation of the sustainable drainage scheme throughout its lifetime.

Reason - The application site is located within a critical drainage area and in line with the requirements in relation to sustainable urban drainage systems, further consideration should be given to the control of surface water at the site in order to minimise localised flood risk pursuant policies EN14 and DM1 of the Core Strategy for Manchester.

14) Prior to occupation of the development, details of the materials, including natural stone or other high quality materials to be used for the footpaths and for the areas between the back of pavement to Charles Street and the line of the proposed building shall be submitted to and approved in writing by the City Council as local planning authority. All works approved in discharge of this condition shall be fully completed before the development hereby approved is first occupied.

Reason - In the interests of amenity and to ensure that paving materials are consistent with the use of these areas as pedestrian routes and in accordance with Core Strategy policies SP1 and DM1.

15) No part of the development shall be occupied unless and until details of a parking management strategy for residents has been submitted to and approved in writing by the City Council as Local Planning Authority. All works approved in discharge of this condition shall be fully completed before the development hereby approved is first occupied.

Reason - The development does not provide sufficient car parking facilities and in order to provide alternative arrangements (e.g. parking leases with car parking companies; car sharing; or car pool arrangement) for the needs of future residents whom may need to use a motorcar and Policies DM1 and T1.

16) Prior to first occupation of the development, details of how 24 hour management of the site in particular in relation to the following:

(a)servicing and refuse (storage and removal);
(b) drop off and pick up for residents (including removals / deliveries) and taxis;
(c) noise management of communal areas;

shall be submitted to and agreed in writing by the City Council as Local Planning Authority. The approved strategy shall remain in operation in perpetuity.

Reason
In the interests of amenity pursuant to Core Strategy policy DM1

17) Before any use hereby approved commences, within each of the ground floor units details of the proposed opening hours shall be submitted to and approved in writing by the City Council as local planning authority. The units shall be not be operated outside the hours approved in discharge of this condition.

Reason - In interests of residential amenity in order to reduce noise and general disturbance in accordance with saved policy DC26 of the Unitary Development Plan for the City of Manchester and policies SP1 and DM1 of the Core Strategy.

18) In relation to the commercial units the following details shall be submitted and agreed in writing before first occupation of the units:

(a) a signage strategy;
(b) a layout and design strategy for any outside furniture and associated fixtures and fittings;

Reason - In the interests of visual amenity to enable careful attention to signage details and the level of visual clutter associated with any external seating is required to protect the character and appearance of this building in accordance with policies SP1 and DM1 of the Core Strategy

19) Prior to occupation of the development a scheme for the acoustic insulation of any externally mounted ancillary equipment to ensure that it achieves a background noise

level of 5dB below the existing background (La90) in each octave band at the nearest noise sensitive location shall be submitted to and approved in writing by the City Council as local planning authority in order to secure a reduction in the level of noise emanating from the equipment. The approved scheme shall be implemented prior to occupancy and shall remain operational thereafter.

Reason - To safeguard the amenities of the occupiers of nearby residential accommodation, pursuant to policies SP1 and DM1 of the Core Strategy

20) Before the development hereby approved is first occupied a Travel Plan shall be submitted to and agreed in writing by the City Council as Local Planning Authority. In this condition a Travel Plan means a document which includes:

i) the measures proposed to be taken to reduce dependency on the private car by residents and those [attending or] employed in the development
ii) a commitment to surveying the travel patterns of residents during the first three months of use of the development and thereafter from time to time
iii) mechanisms for the implementation of the measures to reduce dependency on the private car
iv) measures for the delivery of specified travel plan services
v) measures to monitor and review the effectiveness of the Travel Plan in achieving the objective of reducing dependency on the private car

Within six months of the first use of the development, a revised Travel Plan which takes into account the information about travel patterns gathered pursuant to item (ii) above shall be submitted to and approved in writing by the City Council as local planning authority. Any Travel Plan which has been approved by the City Council as local planning authority shall be implemented in full at all times when the development hereby approved is in use.

Reason - To assist promoting the use of sustainable forms of travel and to secure a reduction in air pollution from traffic or other sources in order to protect existing and future residents from air pollution. , pursuant to policies SP1, T2 and DM1 of the Core Strategy, the Guide to Development in Manchester SPD (2007) and Greater Manchester Air Quality action plan 2016.

21) Deliveries, servicing and collections, including waste collections shall not take place outside the following hours:

07:30 to 20:00 Monday to Saturday
10:00 to 18:00 Sundays and Bank Holidays

Reason - In interests of residential amenity in order to reduce noise and general disturbance in accordance with saved policy DC26 of the Unitary Development Plan for the City of Manchester and policies SP1 and DM1 of the Core Strategy.

22) The development hereby approved shall include for full disabled access to be provided to all areas of public realm and via the main entrances and to the floors above.

Reason - To ensure that satisfactory disabled access is provided by reference to the provisions Core Strategy policy DM.

23) Piling or any other foundation designs using penetrative methods shall not be permitted other than with the express written consent of the Local Planning Authority,

which may be given for those parts of the site where it has been demonstrated that there is no resultant unacceptable risk to groundwater. The development shall be carried out in accordance with the approved details.

Reason
To ensure a safe form of development that poses no unacceptable risk of contamination to controlled waters pursuant to section 10 of the National Planning Policy Framework Core Strategy policy EN14 and EN17.

24) Before the development hereby approved is first occupied confirmation of the flood evacuation plan is in place and has been agreed with the relevant authorities and that the development is signed up to EA's Floodwarnings direct alert system shall be submitted to and approved in writing by the City Council as Local Planning Authority.

Reason - In the interests of public safety, pursuant to policies DM1 and EN14 of the Core Strategy.

25) Prior to first use of the public realm full details of a maintenance strategy including details of who would be responsible for the ongoing maintenance of surfaces, lighting, street furniture, drainage, planting and litter collection and details of where maintenance vehicles would park shall be submitted to and agreed in writing by the City Council as Local Planning Authority. The approved strategy shall remain in operation in perpetuity.

Reason
In the interests of amenity pursuant to Core Strategy policy DM1

26) Final details of the method of extraction of any fumes, vapours and odours from (a) the serviced apartments ; and (b) the ground floor units shall be submitted to and approved in writing by the City Council as local planning authority prior to occupation of each use / ground floor A3 / A4 unit The details of the approved scheme shall be implemented prior to occupancy and shall remain in situ whilst the use or development is in operation.

Reason - To safeguard the amenities of the occupiers of nearby residential accommodation, pursuant to policies SP1 and DM1 of the Core Strategy

27) Prior to occupation of the development a scheme for the acoustic insulation of any externally mounted ancillary equipment associated with:

(a) the residential development; and
(b) any of the commercial uses;

to ensure that it achieves a background noise level of 5dB below the existing background (La90) in each octave band at the nearest noise sensitive location shall be submitted to and approved in writing by the City Council as local planning authority in order to secure a reduction in the level of noise emanating from the equipment. The approved scheme shall be implemented prior to occupancy and shall remain operational thereafter.

28) Before the development commences a scheme for acoustically insulating and mechnically ventilating the residential accomodation against noise from adjacent roads

shall be submitted to and approved in writing by the City Council as local planning authority.

The approved noise insulation scheme shall be completed before any of the dwelling units are occupied. Prior to occupation a post completion report to verify that all of the recommended mitigation measures have been installed in the residential accommodation shall be submitted and agreed in writing by the City Council as local planning authority and any non compliance suitably mitigated in accordance with an agreed scheme prior to occupation.

Reason - To secure a reduction in noise in order to protect future residents from noise nuisance, pursuant to policies SP1, H1 and DM1 of the Core Strategy.

29) Before any Class A3,Class A4, use hereby approved commences, the premises shall be acoustically insulated and treated to limit the break out of noise in accordance with a noise study of the premises and a scheme of acoustic treatment that has been submitted to and approved in writing by the City Council as local planning authority.

The approved noise insulation scheme shall be completed before the unit is first occupied. Prior to occupation a post completion report to verify that all of the recommended mitigation measures have been installed in the residential accommodation shall be submitted and agreed in writing by the City Council as local planning authority and any non compliance suitably mitigated in accordance with an agreed scheme prior to occupation.

Reason - To safeguard the amenities of the occupiers of the building and occupiers of nearby properties, pursuant to policies SP1 and DM1 of the Core Strategy.

30) Before the development commences (excluding the junction improvements studies containing the following with regard to television reception in the area containing the site shall be submitted to and approved in writing by the City Council as local planning authority:

a) Identify, before the development commences, the potential impact area in which television reception is likely to be adversely affected by the development. The study shall be carried out either by the Office of Communications (OFCOM), or by a body approved by OFCOM and shall include an assessment of when in the construction process an impact on television reception might occur.
b) Measure the existing television signal reception within the potential impact area identified in (a) above before development commences. The work shall be undertaken either by an aerial installer registered with the Confederation of Aerial Industries or by a body approved by the Independent Television Commission, and shall include an assessment of the survey results obtained.
(c) Assess the impact of the development on television signal reception within the potential impact area identified in above within one month of the practical completion of the development or before the development is first occupied, whichever is the sooner, and at any other time during the construction of the development if requested in writing by the City Council as local planning authority in response to identified television signal reception problems within the potential impact area. The study shall identify such measures necessary to maintain at least the pre-existing level and quality of signal reception identified in the survey carried out in (b) above. The measures identified must be carried out either before the building is first occupied or within one month of the study being submitted to the City Council as local planning authority, whichever is the earlier.

Reason - To provide an indication of the area of television signal reception likely to be affected by the development to provide a basis on which to assess the extent to which the development during construction and once built, will affect television reception and to ensure that the development at least maintains the existing level and quality of television signal reception. In the interest of residential amenity, as specified in policy DM1 of Core Strategy.

31) No amplified sound or any music shall be produced or played in any part of the site outside of the building other than in accordance with a scheme detailing the levels at which any music shall be played and the hours during which it shall be played which has been submitted to and approved in writing by the City Council as local planning authority.

Reason - In interests of residential amenity in order to reduce noise and general disturbance in accordance with saved policy DC26 of the Unitary Development Plan for the City of Manchester and policies SP1 and DM1 of the Core Strategy.

32) In the event that the developments within Phase 1B (application ref no's 111025, 111026, 111027 and 111028 have not commenced on site prior to occupation of the development approved by this application details of any temporary access requirements and the temporary treatment to plots 2,3,4, 5, 6, 7,8 and 14 including a delivery timetable shall be submitted to and approved in writing by the City Council as Local Planning Authority.The development shall thereafter be fully implemented in accordance with these details.

Reason - To ensure that a satisfactory temporary landscaping scheme for plots 7,8,12 and 14 is carried out that respects the character and visual amenities of the area, in accordance with policies R1.1, I3.1, T3.1, S1.1, E2.5, E3.7 and RC4 of the Unitary Development Plan for the City of Manchester and policies SP1, DM1, EN1, EN9 and EN15 of the emerging Core Strategy.

33) The ground floor commercial units shall not be occupied until a scheme for the storage (including segregated waste recycling) and disposal of refuse for each units ; has been submitted to and approved in writing by the City Council as local planning authority. The details of the approved scheme shall be implemented as part of the development and shall remain in situ whilst the use or development is in operation.

Reason - In order to ensure that adequate provision is made within the development for the storage and recycling of waste in accordance with policies DM1 and EN19 of the Core Strategy for the City of Manchester.

34) Prior to development commencing a local labour agreement relating to the construction phase of development , shall be submitted to and agreed in writing with the City Council as local planning authority. The approved scheme shall be in place prior to the commencement of the development, and shall be kept in place thereafter.

Reason - To safeguard local employment opportunities, pursuant to pursuant to policies EC1 of the Core Strategy for Manchester.

35) Before the development hereby approved is first occupied details of provision of temporary disabled parking locations adajcent to the building shall be submitted to and approved in writing by the City Council as Local Planning Authority.

Reason - To ensure that satisfactory disabled access is provided if the adjacent proposed multi storey car park is not operational at that time with reference to the provisions Core Strategy policy DM1.

36) No externally mounted telecommunications equipment shall be mounted on any part of the building hereby approved, including the roofs.

Reason - In the interest of visual amenity pursuant to Core Strategy Policies Dm1 and SP1.

37) Prior to implementation of any proposed lighting scheme the following details of any proposed lighting scheme including a report to demonstrate that the proposed lighting levels would not have any adverse impact on the amenity of residents within this and adjacent developments shall be submitted to and agreed in writing by the City Council as local planning authority:

Reason - In the interests of visual and residential amenity pursuant to Core Strategy policies SP1, CC9, EN3 and DM1 of the Core Strategy and saved UDP policy DC19.1.

38) Notwithstanding the details submitted with the application, prior to the commencement of development, final details of the materials within the reveals to the elevations above 1st floor level shall then be submitted and approved in writing by the City Council as local planning authority in accordance with the programme as agreed above.

Reason - To ensure that the appearance of the development is acceptable to the City Council as local planning authority in the interests of the visual amenity of the area within which the site is located, as specified in policies SP1 and DM1 of the Core Strategy.

Informatives

Building Regulations 2010
This permission does not grant approval under Building Regulations.

Street Naming & Numbering Requirements
Manchester City Council is responsible for allocating street naming and numbering within Manchester for new developments or property conversions. Individuals or businesses are not permitted to allocate their own property numbers, building or street names.

If your development includes the creation of new dwellings (either new build or conversion of existing buildings), creation of new commercial properties or the subdivision of existing properties you must ensure that you request new or changes to addresses through us so they can be officially allocated and registered in accordance with the Public Health Act 1925 Sections 17-19 & Greater Manchester Act 1981 Section 22.

Failure to do this may result in difficulties for the developer/occupier when requiring services such as connections to utilities, phone lines and postal services and may delay your development.

You can apply online at the following address:
http://www.manchester.gov.uk/info/100011/roads_parking_and_transport/1988/naming_and_numbering_of_houses_buildings_streets_and_roads/2

Mining Information
The proposed development lies within an area which could be subject to current coal mining or hazards resulting from past coal mining. Please read the Standing Advice from the Coal Authority in Appendix A.

External lighting shall be designed and installed so as to control glare and overspill onto nearby residential properties.

Reason - To safeguard the amenities of the occupiers of nearby properties.

All of the works required to achieve the new accesses / egresses and associated TROs should be included as part of a S278 agreement via an off-site highways condition, to be funded by the applicant

Defra have published a document entitled 'Guidance on the Control of Odour and Noise from Commercial Kitchen Exhaust Systems'. It describes a method of risk assessment for odour, guidance on minimum requirements for odour and noise control, and advice on equipment selection. It is recommended that any scheme should make reference to this document (particularly Annex B). Details should also be provided in relation to replacement air. The applicant will therefore need to consult with a suitably qualified ventilation engineer and submit a kitchen fume extract strategy report for approval

External areas within the application site in accordance with a schedule of days and hours of operation submitted to and approved in writing by the City Council as local planning authority, and shall not allow for the use of amplified sound or any music in these external areas at any time. This does not negate the need for seperate applications for planning permission for the use of external areas.

Reason - To safeguard the amenities of the occupiers of nearby properties

Construction/demolition works shall be confined to the following hours unless otherwise agreed in writing by the City Council as local planning authority:
Monday - Friday: 7.30am - 6pm
Saturday: 8.30am - 2pm
Sunday / Bank holidays: No work

Workforce may arrive on site 30 minutes prior but no working outside these times, unless changed by prior agreement. Noise to be kept to a minimum in the first hour.
Reason - To safeguard the amenities of the occupiers of nearby residential accommodation during the construction phase.

Date: 9 March 2017

Signed: 

Julie Roscoe
Head of Planning, Building Control & Licensing

Manchester City Council, P O Box 532, Town Hall, Manchester M60 2LA

Notes

1. This permission refers only to that required under the Town and Country Planning Act 1990 does not include any consent or approval under any other enactment, byelaw, order or regulation.

2 If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, they may appeal to the Secretary of State in accordance with Section 78(1) of the Town and Country Planning Act 1990 within six months of the date of the notice of the decision.

The Planning Inspectorate have introduced an online appeals service that can be used to make appeals online. This service is available through the gov.uk website – www.gov.uk/appeal-planning-inspectorate. The Inspectorate will publish details of your appeal on the internet.

Alternatively, appeals can be made on a form which is obtainable from Planning Inspectorate, Customer Support Unit, Room 3/15, Eagle Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 or by telephone 0117 372 6372.

The Secretary of State has power to allow a longer period for the giving of a notice of appeal but they will not normally be prepared to exercise this power unless there are special circumstances that excuse the delay in giving notice of appeal.

3. The statutory requirements are those set out in Section 79(6) of the Town and Country Planning Act 1990, namely Sections 70(1) and 72(1) of the Act.

4. If either the local planning authority of the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that they can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990

5. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to them. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.

STANDING ADVICE - DEVELOPMENT LOW RISK AREA

The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848.

Further information is also available on the Coal Authority website at:
www.gov.uk/government/organisations/the-coal-authority

This Standing Advice is valid from 1st January 2017 until 31st December 2018
