Date: 25 July 2013

Dear Sir/Madam,

Application No: 102901/TPO/2013/S2
Intent to carry out works to trees at 1 Dundreggan Gardens, Didsbury, Manchester, M20 2EL

Further to your request to carry out works to trees located at the above address, the City Council s arboricultural staff visited the site and inspected the trees. With reference to their advice, consent is hereby **granted** for the following work:

Consent is hereby granted for the removal of the Chestnut and Sycamore tree, as indicated as T983 and T984 on the submitted plan, at 1 Dundreggan Gardens, Didsbury subject to two replacement trees being planted.

The suggested replacement trees are an Upright Hornbeam (Carpinus betula fastigiata) and/or Upright Cherry. The tree should be planted in the next planting season (October 2011 to March 2012) and should be situated adjacent to the location of the two trees that are being removed.

All tree work should be carried out by a competent contractor in accordance with British Standard BS 3998 "Recommendations for Tree Work".

Reason - In order avoid damage to trees/shrubs adjacent to and within the site which are of important amenity value to the area and in order to protect the character of the area, in accordance with policies EN9 and EN15 of the Core Strategy.

Please note consideration should be given when removing trees at this time of the year to the potential for nesting birds to be present, and all none safety critical works should be delayed until August/September if activity is noted.

Should you wish to discuss this matter any further please contact John Kelsey.

Yours faithfully,

Julie Roscoe
