

EXISTING FRONT ELEVATION 1:50

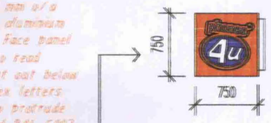

EXISTING SECTION A 1:50

DOUBLE SIDED PROJECTING SIGN (1no)
To be 750 x 750 mm sign fixed to wall, fascia via special collar/bracket which projects 120 mm of fixing giving total 870 mm o/a projection. Sign made in mill finish aluminium box powder coated red RAL 3020. Face panel 3mm thick aluminium stencil cut to read "phones" with large oval panel cut out below red RAL 3020 as bkn. Opal perspex letters reading "phones" and large oval to protrude through red stencil. Blue vinyl oval RAL 5002 laid on to perspex cut out to reveal "4u". Box internally illuminated by various 15 watt tubes giving 550CD/M2.

ILLUMINATED LOGO SIGN (1no)
Phones 4U logo only to be constructed with a depth of 100mm and to contain (internally) fluorescent tubes or LEDs housed within sign. The lighting will not illuminate the front face of the sign only - the background of the sign will NOT illuminate. Sign to give max 800CD/M2 static illumination. Sign to be supported from the new flat red fascia panel.

Flat aluminium fascia panel - colour red, fixed to fascia zone with max 35mm projection from face of shopfront to form non illuminated background.

Ensure that all parts of the signage that is visible (including top, bottom, rear etc) is painted to match front face of signage and is neatly finished. No part of the sign to extend beyond the units shop front demise.

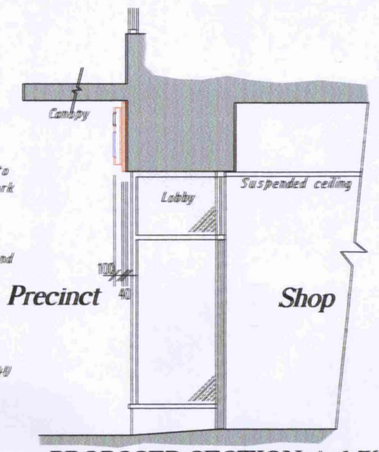

PROPOSED FRONT ELEVATION 1:50

Signage contractor to submit detail design drawings to P4U Project Manager for approval prior to manufacture of the new signage

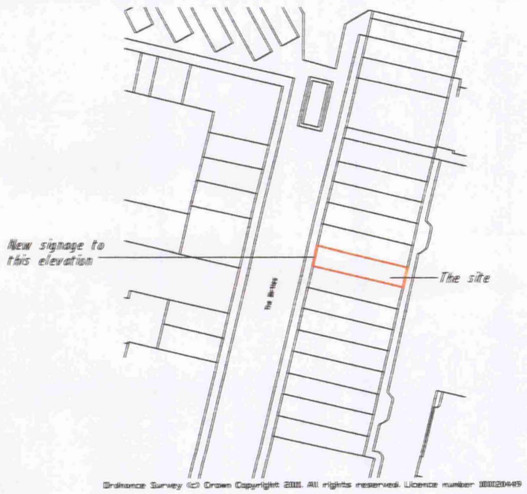

Network logos to be applied to the fascia and to be in network providers house colours

P4U window tracking system and A1 posters as window display

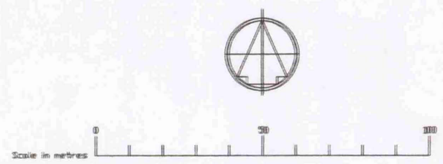

P4U self adhesive vinyl manifestation line and small P4U logo to give appearance of etched glass

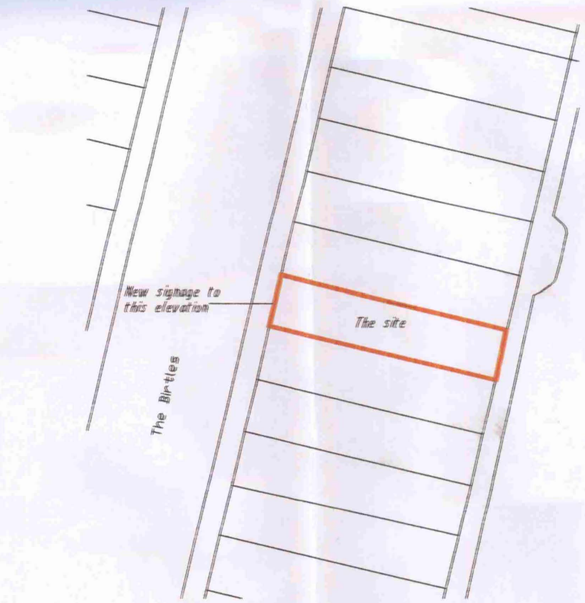

PROPOSED SECTION A 1:50

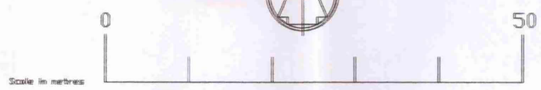

Site Location Plan 1:1250

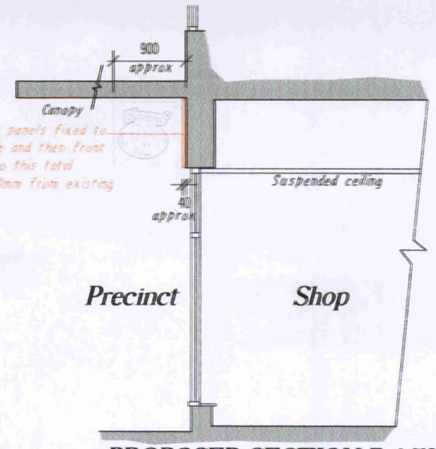

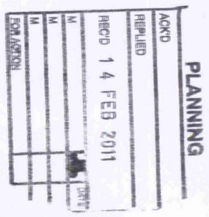

Block Plan 1:500

Back tray for fascia panels fixed to existing signage zone and then front fascia panel fitted to this total projecting approx 40mm from existing signage zone

PROPOSED SECTION B 1:50
