Subject: Planning Application 086943/TEL/2008 : Public Telephone Kiosk/ATM O/S 106 Northmoor Road, Nr Prout Street, Manchester M12 5RS

Dear Sue,

Following receipt of a letter today (10th October 2008) from Peter Babb of Manchester City Council, I am responding with, hopefully, information that may assist in the progress of our application.

* Heights and Design of proposed bollards: see attached

<<STANDARD PROTECTIVE BOLLARD Layout1 (1).pdf>>
* Telephone / ATM Kiosk details & example at existing site: see attached. These should help indicate how the proposed structure would look once installed. Note that our proposal is for a flat roof, not domed as per the photo example.

<<BT_ATM_Brochure_A_W1[1].pdf>> <<Public Telephone Kiosk with ATM Example.jpg>>
* Positioning of Payphone and ATM on new kiosk: The new structure will *not* have any doors - it is a solid structure. The Payphone and ATM are built in to the structure. The attached Amended Site Plan indicates where the payphone and ATM are located on the kiosk. I have amended the previous Site Plan as it showed the structure as having a door, which was not correct. Also attached are amended versions of the 1:500 and 1:1250 maps which may have been confusing.

<<Amended Proposed Site Plan 1.xls>> <<Amended Map 1 500.xls>> <<Amended Map 1 1250.xls>>

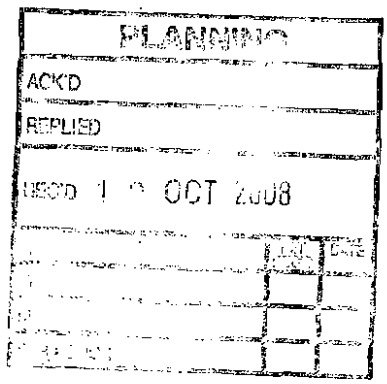

* Design and Access Statement: Amended version attached, along with annotated documentation as requested. Note that I have been unable to amend the last of these: "BM KX Grey.jpg".

<<Design and Access Statement Amended.doc>> <<KX100 1-50 002-2 180 degrees.xls>> <<KX100 1-50 001-2.xls>> <<BM KX Grey.JPG>>

I hope that the information above answers your outstanding issues. If you need a clarification on any of these, please let me know so that I can deal with them accordingly,

Regards,

Gerald Mc Donough.
