FURTHER INFORMATION REQUIRED

In submitting the following additional information, you should submit a covering letter specifically cross-referencing the information with the individual points raised below. This will greatly assist in assessing the additional information.

1. Since the grant of the original planning permission and listed building consents, government guidance on the historic environment has been replaced by guidance contained within the National Planning Policy Framework (NPPF). Given this policy change, you should provide updated statements to supplement the relevant chapters within the Environmental Statement, in particular, Chapters 13 and 14.

2. With regard to the listed building consents one copy of the plans/drawings is required to accompany the application.
