Part II – Particulars of Decision

The Manchester City Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1990 of the following decision

Decision Approved
on the basis that the proposal is in accordance with the City Council's Unitary Development Plan, in particular the following policies and there are no material considerations of sufficient weight to indicate otherwise:

Policy H2.2 states that the City Council will not allow development which will have an unacceptable impact on residential areas. It is not believed that the proposed development will have a detrimental impact in terms of noise, vibration, traffic generation, road safety and air pollution or through its scale and appearance.

Policy H2.7 states that new housing schemes will be expected to be of a high standard of design and make a positive contribution towards improving the City's environment. It is considered that this proposal is of high standard of design

Policy E2.6 states that the Council will prevent wherever possible the loss of existing trees. While the loss of some of the existing trees is regrettable it is felt that the planting of 99 replacement trees compensates for this loss.

Development Control Policy DC7, "New Housing Development", states that the City Council will negotiate with developers to ensure that new housing is accessible at ground floor level to disabled people, all of the proposed accommodation is accessible.
