For the attention of Jackie Tipping

10th July 2008

Ref: 086922/FO/2008/C1

Dear Sir or Madam,

Further to our application and following your recent letter, I would like to confirm the following:

- Our proposed hours of operation are 12.00 to 21.00 Monday to Sunday.
- Tables and chairs used in the outside area will be stored within the unit when not in use.
- No amplified sound or music will be played in the outside area.
- At the bequest of GMP the area will be demarcated using removable canvas barriers.
- When in use, the outside area will be regularly checked for litter and if any is found it will be disposed of within the premises. After the tables and chairs are removed, the whole of the area used will be swept clean and any litter or debris found disposed of. If needed, the area will be regularly jet washed to remove chewing gum.
- When in use the outside area would be serviced by a dedicated waiter/waitress. This person would be supervised by the manager on duty who would make regular checks on the area throughout the time it is being used.

VAT Registration No: [illegible]

- GMP has been consulted and do not have any objections to the application. They did insist that the area should be demarcated with canvas barriers and that the area should have a dedicated server/supervisor.

- A detailed acoustic survey has been carried out and will be included with this letter.

- A Tables & Chairs Licence has already been granted in principle. A letter from the Highways Authority pertaining to this approval is included with this letter.

Yours faithfully,

Richard Unwin
