Planning ref: 099435 - 48 Hartington Road, Chorlton - Installation of 1.8 m high close boarded fence

Dear Barbara,

Please find enclosed the proposed amended elevations to the fence. As you have suggested I have slopped the fence down from 1.8m in height to 1.2m in height at the driveway, this is done over the first 1.5m out from the driveway which should enable adequate visibility for both pedestrian and driver. I hope this meets with your approval.

Kind regards

M. McAfee
