1 Ford Lodge, Ford Lane, Didsbury
REQUEST TO SURVEY TREE

Please can you arrange for the tree at the above address to be inspected and inform me whether the work that has been applied for is necessary. If it were decided that permission to do works to the tree should be refused, it would be necessary to place a Tree Preservation Order on the tree to protect it. In your opinion, would the tree be suitable for a TPO? Also if consent is given please stipulate a replacement.

Please find attached a copy of the application for the work and a site location plan.

If you require any further information please contact Lisa Holland on the number above
