Part 1 – Particulars of the application/development

Proposal: Change of use part of ground floor building to 24 hour Private Hire Booking Office (Sui Generis Use) and installation of 2.5m high aerial above parapet.

Location: Nissa Fashion , 10-20 Grosvenor Street, Ardwick, Manchester, M1 7JJ

Date of application: 14 December 2012

Application number: 101148/FO/2012/N2

Part 2 – Particulars of decision

Manchester City Council gives notice that the development referred to in Part 1 has been **Refused** in accordance with the application and plans submitted for the reason(s) listed below.

Article 31 Declaration

Officers have worked with the applicant in a positive and proactive manner based on seeking solutions to problems arising in relation to dealing with the planning application. Due to the proposal being contrary to planning policy, the Council has sought a solution to the problems, however the intervention has not resulted in a solution.

Reason(s) for decision

1) The use of the premises as a 24 hour private hire car booking office would have a detrimental impact upon the current levels of residential amenity enjoyed by the occupants of the neighbouring dwellings, particularly late at night, by virtue of the potential increased noise and movements associated with the comings and goings of private hire vehicles, staff and potential customers at the site, and the proposal is therefore contrary to policies SP1 and DM1 of the Core Strategy Development Plan Document for Manchester.

2) The proposed development does not provide adequate safe and convenient facilities for the parking of vehicles and it is considered that the potential levels of traffic generated by the development, when added to existing levels in the area would have an adverse impact on the flow of traffic along Grosvenor Street and would result in unacceptable levels of traffic congestion in the locality, which would have a negative impact on the character of the area, be detrimental to the amenity of neighbouring residents and have an unacceptable impact on highway safety. The proposed development would therefore be contrary to policies SP1 and DM1 of the Core Strategy Development Plan Document for Manchester.
