Location: 3 Queen St West, Withington, Manchester, M20 3BQ

To whom it may concern I have recently applied for planning application to make a carport at the premises above, I have missed a few important details which I am replying to.

2. PPG15 Statement:

The carport I am proposing to build is in a conservation area. I have done my research regarding this matter and have taken advice from an architect.
I will be building the carport which will compliment the existing premises. I am using a timber structure because the building used to be a barn house so we are keeping in mind the conservation area requirements and colour of the structure.
We hope to improve the look of the building and surroundings.

3. To confirm this will be a continuation of the unauthorised canopy.
