MANCHESTER CITY COUNCIL

Important Planning permission & notices of consent

Compliance with conditions

- Your planning approval or consent is attached. It will contain conditions that you must comply with.
- Please read the conditions and understand their requirements and restrictions, for example submission and approval of details or measures to protect trees.
- Some conditions will require action before you start development and it is imperative that you seek to have these discharged before any work commences.
- Whilst every effort has been made to group conditions logically, it is your responsibility to ensure that you are aware of the requirements and/or restrictions of all conditions.
- If you fail to comply with the conditions this may result in a breach of planning control and this may lead to enforcement action.
- Failure to comply with conditions may also result in the development not being lawful.
- It is in your interests to demonstrate that conditions have been complied with. Failure to do so may cause difficulties if the property is sold or transferred.
- A fee is payable for each request to discharge conditions.
- For advice on any of these matters, please contact Planning, Manchester City Council, PO Box 532, Town Hall, Manchester M60 2LA or email planning@manchester.gov.uk

MANCHESTER CITY COUNCIL

Town & Country Planning Act 1990 (as amended)

Planning Permission

Applicant

Mr Paul Cook
Quorum Estates Ltd
Barons Court
Manchester Road

Part 1 – Particulars of the application/development

Proposal: Outline application for the erection of a 9.5 metre high Pet Aid Hospital (Sui Generis Use) with all matters reserved.

Location: Quattro Park, Redgate Lane, Longsight, Manchester, M12 4RZ

Date of application: 5 June 2013

Application number: 102618/OO/2013/N2

Part 2 – Particulars of decision

Manchester City Council gives notice that the development referred to in Part 1 has been **Approved** in accordance with the application and plans submitted subject to the condition(s) listed below (if any).

Article 31 Declaration

Officers have worked with the applicant in a positive and proactive manner to resolve any problems arising in relation to dealing with the planning application. Appropriate conditions have been recommended as a result of these negotiations.

Reason(s) for decision

Condition(s) attached to this decision

1) Applications for approval of reserved matters must be made not later than the expiration of three years beginning with the date of this permission. The development must be begun not later than the expiration of two years from the final approval of the reserved matters or, in the case of approval on different dates, the final approval of the last such matters to be approved.

Reason - Required to be imposed pursuant to Section 92 of the Town and Country Planning Act 1990.

2) Approval of the details of the access, appearance, landscaping, layout and scale of the development (hereinafter called "the reserved matters") shall be obtained from the local planning authority in writing before any development is commenced.

Plans and particulars of the reserved matters shall be submitted in writing to the local planning authority and shall be carried out as approved.

Reason - To ensure the satisfactory development of the site and because this application is in outline only.

3) The development hereby approved shall not exceed the following parameters:
A maximum building footprint of 649 square metres, a maximum internal floor area of 612 square metres, and a maximum building height of 7.5 metres to eaves and 9.5 metres to ridge.

Reason - To ensure the development does not exceed the parameters disclosed in the planning application, pursuant to policies SP1 and DM1 of Manchester's Core Strategy.

4) The development hereby approved shall be carried out in accordance with the following drawings and documents:
B3917-P003 and the Design, Access and Sustainability Statement, dated May 2013, stamped as received by the City Council, as Local Planning Authority, on 03 June2013

Reason - To ensure that the development is carried out in accordance with the approved plans, pursuant to policies SP1 and DM1 of Manchester's Core Strategy.

5) No development that is hereby approved shall commence unless and until samples and specifications of all materials to be used on all external elevations of the development have been submitted to and approved in writing by the City Council as local planning authority.

Reason - To ensure that the appearance of the development is acceptable to the City Council as local planning authority in the interests of the visual amenity of the area within which the site is located, as specified in policies SP1 and DM1 of Manchester's Core Strategy.

6) No works shall be commenced until a scheme for the provision and implementation, of a surface water regulation system has been approved by the City Council, as Local Planning Authority. The site must be drained on a separate system, with only foul drainage connected to the foul sewer. Surface water should discharge to the soakway/watercourse/ surface water sewer and may require the consent of the Local authority. If surface water is allowed to be discharged to the public surface water sewerage system the flow should be attenuated to a maximum discharge rate determined by United Utilities.

Reason

To prevent the increased risk of flooding, to improve and protect water quality and ensure future maintenance of the surface water drainage system pursuant to policies EN17, DM1 and SP1 of Manchester's Core Strategy and the National Planning Policy Framework.

7) a) Before the development hereby approved commences, a report (the Preliminary Risk Assessment) to identify and evaluate all potential sources and impacts of any ground contamination, groundwater contamination and/or ground gas relevant to the site shall be submitted to and approved in writing by the City Council as local planning authority. The Preliminary Risk Assessment shall conform to City Council's current guidance document (Planning Guidance in Relation to Ground Contamination).

In the event of the Preliminary Risk Assessment identifying risks which in the written opinion of the Local Planning Authority require further investigation, the development shall not commence until a scheme for the investigation of the site and the identification of remediation measures (the Site Investigation Proposal) has been submitted to and approved in writing by the City Council as local planning authority.

The measures for investigating the site identified in the Site Investigation Proposal shall be carried out, before the development commences and a report prepared outlining what measures, if any, are required to remediate the land (the Site Investigation Report and/or Remediation Strategy) which shall be submitted to and approved in writing by the City Council as local planning authority.

b) When the development commences, the development shall be carried out in accordance with the previously agreed Remediation Strategy and a Completion/Verification Report shall be submitted to and approved in writing by the City Council as local planning authority. No occupation of the development shall take place until the completion/verification report is submitted to and approved by the City Council as local planning authority.

In the event that ground contamination, groundwater contamination and/or ground gas, not previously identified, are found to be present on the site at any time before the development is occupied, then development shall cease and/or the development shall not be occupied until, a report outlining what measures, if any, are required to remediate the land (the Revised Remediation Strategy) is submitted to and approved in writing by the City Council as local planning authority and the development shall be carried out in accordance with the Revised Remediation Strategy, which shall take precedence over any Remediation Strategy or earlier Revised Remediation Strategy.

Reason - To ensure that the presence of or the potential for any contaminated land and/or groundwater is detected and appropriate remedial action is taken in the interests of public safety, pursuant to policies DM1 and SP1 of Manchester's Core Strategy

8) Before development commences a scheme for the extraction of any fumes, vapours and odours from the premises hereby approved shall be submitted to, and approved in writing by, the City Council as local planning authority. The approved scheme shall be implemented prior to occupancy and shall remain operational thereafter.

Reason - In the interests of the amenities of the occupiers nearby properties pursuant to policy DC10 of the Manchester City Council Unitary Development Plan, policies DM1 and SP1 of Manchester's Core Strategy.

9) Before any use hereby approved commences the operating hours of the premises shall be submitted to, and approved in writing by, the City Council, as Local Planning Authority. The premises shall not be open outside such approved hours.

Reason - To safeguard the amenities of the occupiers of nearby residential accommodation, pursuant to policies DM1 and SP1 of Manchester's Core Strategy.

10) Deliveries, servicing and collections, including waste collections shall not take place outside the following hours: 07:30 to 20:00, Monday to Saturday, no deliveries/waste collections on Sundays/Bank Holidays.

Reason - To safeguard the amenities of the occupiers of nearby residential accommodation, pursuant to policy DC10 of the Manchester City Council Unitary Development Plan, policies DM1 and SP1 of Manchester's Core Strategy.

11) Prior to development commencing on site, details of any proposed external lighting, within the site, must be submitted to and approved in writing by the City Council as Local Planning Authority. The lighting must only be implemented in accordance with the approved details and no external lighting shall be erected on or around the site without the prior written approval of the Local Planning Authority.

Reason - To safeguard the amenities of the occupiers of nearby residential properties, pursuant to policies SP1 and DM1 of Manchester's Core Strategy.

12) Before any use hereby approved commences, the premises shall be acoustically insulated and treated to limit the break out of noise in accordance with a noise study of the premises and a scheme of acoustic treatment that has been submitted to and approved in writing by the City Council as local planning authority. The scheme shall be implemented in full before the use commences.

Reason - To safeguard the amenities of the occupiers of the building and occupiers of nearby properties, pursuant to policies DM1 and SP1 of Manchester's Core Strategy.

13) Any externally mounted ancillary equipment, shall be acoustically insulated in accordance with a scheme submitted to and approved in writing by the City Council as local planning authority in order to secure a reduction in the level of noise emanating from the equipment.

Externally mounted ancillary plant, equipment and servicing shall be acoustically treated in accordance with a scheme designed so as to achieve a noise level of 5dB below the existing background (LA90) in each octave band at the nearest noise sensitive location.

Reason - To safeguard the amenities of the occupiers of nearby residential accommodation, pursuant to policies DM1 and SP1 of Manchester's Core Strategy.

14) No development shall commence until a scheme for the storage (including segregated waste recycling) and disposal of refuse has been submitted to and approved in writing by the City Council as local planning authority. The details of the approved scheme shall be implemented as part of the development and shall remain in situ whilst the use or development is in operation.

Reason - In the interests of amenity and public health, pursuant to policies DM1 and SP1 of Manchester's Core Strategy.

15) The development hereby approved shall achieve a post-construction Building Research Establishment Environmental Assessment Method (BREEAM) rating which shall be agreed with the City Council, as Local Planning Authority. Post construction review certificate(s) shall be submitted to, and approved in writing by the City Council as local planning authority, before any of the buildings hereby approved are first occupied.

Reason - In order to minimise the environmental impact of the development, pursuant to policies SP1, T1-T3, EN4-EN7 and DM1 of Manchester's Core Strategy, policy DP3 of Regional Spatial Strategy for the North West (RSS), and the principles contained within The Guide to Development in Manchester SPD (2007), and the National Planning Policy Framework.

16) The development shall not be occupied until details of the security measures to be incorporated into the development, which shall be to secured by design specification, have been submitted to and approved in writing by the City Council as local planning authority. The development shall only be carried out in accordance with these approved details.

Reason

To reduce the risk of crime pursuant to policy DM1 of Manchester's Core Strategy.

17) Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 1995 (or any order revoking or re-enacting that Order with or without modification) and notwithstanding the details shown on the approved plans, no development works shall take place until there has been submitted to and approved in writing by the City Council, as local planning authority, a plan indicating the positions, design, materials and type of any new boundary treatment to be erected. The boundary treatment shall be completed before the approved building is occupied. Development shall be carried out in accordance with the approved details and shall thereafter be retained.

Reason - To ensure that the appearance of the development is acceptable to the City Council as local planning authority in the interests of the visual amenity of the area within which the site is located, pursuant to policies SP1 and DM1 of Manchester's Core Strategy.

18) Before the development hereby approved is first occupied a Travel Plan shall be submitted to and agreed in writing by the City Council as Local Planning Authority. In this condition a Travel Plan means a document which includes:

i) the measures proposed to be taken to reduce dependency on the private car by those [attending or] employed in the development
ii) a commitment to surveying the travel patterns of staff during the first three months of use of the development and thereafter from time to time
iii) mechanisms for the implementation of the measures to reduce dependency on the private car
iv) measures for the delivery of specified travel plan services
v) measures to monitor and review the effectiveness of the Travel Plan in achieving the objective of reducing dependency on the private car

Within six months of the first use of the development, a revised Travel Plan which takes into account the information about travel patterns gathered pursuant to item (ii) above shall be submitted to and approved in writing by the City Council as local planning authority. Any Travel Plan which has been approved by the City Council as local planning authority shall be implemented in full at all times when the development hereby approved is in use.

Reason - To assist promoting the use of sustainable forms of travel to the hospital, pursuant to policies SP1, T2 and DM1 of Manchester's Core Strategy and the Guide to Development in Manchester SPD (2007).

19) Prior to the commencement of the development full technical details of any necessary on-site and off-site highway works shall be submitted to and approved in writing by the City Council as local planning authority, including any works identified as a result of a Transport Assessment, specific to this site, which is required to be submitted as part of any future application for the approval of Reserved matters. The development shall be carried out in accordance with the approved details and shall thereafter be retained .

Reason - In the interests of highway safety, pursuant to policies SP1, T2 and DM1 of Manchester's Core Strategy and the Guide to Development in Manchester SPD (2007).

20) The wheels of contractors vehicles leaving the site shall be cleaned and the access roads leading to the site swept daily in accordance with a management scheme submitted to and approved in writing by the City Council as local planning authority prior to any works commencing on site.

Reason - In the interest of pedestrian and highway safety, pursuant to policies SP1 and DM1 of Manchester's Core Strategy.

21) All contractors vehicles entering and leaving the site during the construction period shall be properly sheeted.

Reason - To ensure that the proposed development is not prejudicial or a nuisance to adjacent dwellings, and in the interests of public health and amenity, pursuant to policies DM1 and SP1 of Manchester's Core Strategy.

Informatives

This permission does not grant approval under Building Regulations.

The proposed development lies within an area which could be subject to current coal mining or hazards resulting from past coal mining. Please read the Standing Advice from the Coal Authority in Appendix A.

Date: 31 July 2013

Signed: 

Julie Roscoe
Head of Planning
Manchester City Council, P O Box 532, Town Hall, Manchester M60 2LA

Notes

1. This permission refers only to that required under the Town and Country Planning Act 1990 does not include any consent or approval under any other enactment, byelaw, order or regulation.

2 If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the First Secretary of State in accordance with Section 78(1) of the Town and Country Planning Act 1990 within six months of the date of the notice of the decision.

The Planning Inspectorate have introduced an online appeals service that can be used to make appeals online. This service is available through the Appeals area of the Planning Portal www.planningportal.gov.uk/pcs. The Inspectorate will publish details of your appeal on the internet (on the Appeals area of the Planning Portal).

This may include a copy of the original planning application form and any supporting documents supplied to the local planning authority. By you or your agent, together with the completed appeal form and information you submit to the Planning Inspectorate. Please ensure that you only provide information, including personal information, that you are happy will be made available to others in this way. If you supply personal information belonging to a third party please ensure you have their permission. More detailed information about data protection and privacy matters is available on the Planning Portal.

Alternatively, appeals can be made on a form which is obtainable from Planning Inspectorate, Customer Support Unit, Room 3/15, Eagle Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 or by telephone 0117 372 6372.

The First Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances that excuse the delay in giving notice of appeal.

3. The statutory requirements are those set out in Section 79(6) of the Town and Country Planning Act 1990, namely Sections 70(1) and 72(1) of the Act.

4. If either the local planning authority of the First Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990

5. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the First Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.

Appendix A – Standing Advice Regarding Coalfield Area

The proposed development lies within an area which could be subject to current coal mining or hazards resulting from past coal mining. Such hazards may currently exist, be caused as a result of the proposed development, or occur at some time in the future. These hazards include:

- Collapse of shallow coal mine workings.
- Collapse of, or risk of entry into, mine entries (shafts and adits).
- Gas emissions from coal mines including methane and carbon dioxide.
- Spontaneous combustion or ignition of coal which may lead to underground heatings and production of carbon monoxide.
- Transmission of gases into adjacent properties from underground sources through ground fractures.
- Coal mining subsidence.
- Water emissions from coal mine workings.

Applicants must take account of these hazards which could affect stability, health & safety, or cause adverse environmental impacts during the carrying out their proposals and must seek specialist advice where required. Additional hazards or stability issues may arise from development on or adjacent to restored opencast sites or quarries and former colliery spoil tips.

Potential hazards or impacts may not necessarily be confined to the development site, and Applicants must take advice and introduce appropriate measures to address risks both within and beyond the development site. As an example the stabilisation of shallow coal workings by grouting may affect, block or divert underground pathways for water or gas.

In coal mining areas there is the potential for existing property and new development to be affected by mine gases, and this must be considered by each developer. Gas prevention measures must be adopted during construction where there is such a risk. The investigation of sites through drilling alone has the potential to displace underground gases or in certain situations may create carbon monoxide where air flush drilling is adopted.

Any intrusive activities which intersect, disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) require the prior written permission of the Coal Authority. Such activities could include site investigation boreholes, digging of foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes.
Failure to obtain Coal Authority permission for such activities is trespass, with the potential for court action. In the interests of public safety the Coal Authority is concerned that risks specific to the nature of coal and coal mine workings are identified and mitigated.

The above advice applies to the site of your proposal and the surrounding vicinity. You must obtain property specific summary information on any past, current and proposed surface and underground coal mining activity, and other ground stability information in order to make an assessment of the risks. This can be obtained from The Coal Authority's Property Search Service on 0845 762 6848 or at www.groundstability.com
