MANCHESTER CITY COUNCIL

IMPORTANT

Planning Permission and Notices of Consent

Compliance with Conditions

- Your planning approval or consent is attached. It will contain conditions that you must comply with.
- Please read the conditions and understand their requirements and restrictions, for example submission and approval of details or measures required to protect trees.
- Some conditions will require action before you start the development and it is imperative that you seek to have these discharged before any work commences.
- If you fail to comply with the conditions this may result in a breach of planning control and this may lead to enforcement action.
- Failure to comply with conditions may also result in the development not being lawful.
- It is in your interests to demonstrate that conditions have been complied with. Failure to do so may cause difficulties if the property is sold or transferred.
- A fee of £85 is payable for each request to discharge conditions.
- For advice on any of these matters, please contact the Planning Service, Manchester City Council, PO Box 463, Manchester M60 3NY or email planning@manchester.gov.uk

Town and Country Planning Act 1990

PLANNING PERMISSION

MANCHESTER CITY COUNCIL

Name and Address of Applicant	Name and Address of Agent
	Mr Richard Ward
OPH Properties Ltd	Warburton Associates
C/o Agent	The Old Police Station
	62 Chapel Street
	Salford
	Manchester
	M3 7AA

Part I – Particulars of Application

Date of Application	Application ref. no.
25 February 2009	089146/FO/2009/N1

Particulars and location of development:

Erection of a 4 storey building to accommodate a 34 bedroom nursing home (for Elderly Mentally Infirm patients only) with ancillary car parking and landscaping

2 Varley Street
Miles Platting
Manchester
M40 8EE

Part II – Particulars of Decision

The Manchester City Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1990 of the following decision

Decision Approved
Approve in the light of policies DP2 and DP7 of the Regional Spatial Strategy and policies H1.5, DC2, H2.2, T2.4, T2.6, E3.5 and DC9.1 of the Unitary Development Plan on the basis that a care home on the site would be an acceptable use, the development would not adversely affect visual or residential amenity within the area, and it would be fully accessible.
Date of Decision 28 May 2009

for the carrying out of development referred to in Part 1 hereof in accordance with the application and plans submitted subject to the following conditions:

Part III – Conditions and Reasons

1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2) The development hereby approved shall be carried out in accordance with the following drawings and documents unless otherwise agreed in writing by the City Council as Local Planning Authority:

The site location plan, stamped as received by the Local Planning Authority on 24 February 2009

Drawings
2705/03 Rev B
2705/04 Rev E
2705/05 Rev D
2705/06 Rev D
all stamped as received by the Local Planning Authority on 15 May 2009

The recommendations contained within the submitted acoustic report by Azymuth Acoustics (Ref. A1351) dated 20 February 2009

The submitted waste management strategy dated 24 February 2009

Reason - To ensure that the development is carried out in accordance with the approved plans. Pursuant to policy H2.2 of the Manchester Unitary Development Plan.

3) The car parking indicated on the approved plans shall be surfaced, demarcated and made available for use prior to the building hereby approved being occupied. The car park shall then be available at all times whilst the site is occupied.

Reason - To ensure that there is adequate parking for the development proposed when the building is occupied in order to comply with Policies T2.4 and T2.6 of the Unitary Development Plan for the City of Manchester.

4) The development hereby approved shall include a building lighting scheme and a scheme for the illumination of external areas during the period between dusk and dawn, or as may be otherwise agreed in writing by the City Council as local planning authority. Full details of such a scheme shall be submitted to and approved in writing by the local planning authority before the development commences. The approved scheme shall be implemented in full before the development is first occupied unless otherwise agreed in writing by the local planning authority and shall remain in operation for so long as the development is occupied.

Reason - In the interests of amenity, crime reduction and the personal safety of those using the proposed development in order to comply with the requirements of government guidance in Planning Policy Statement 1 and Policies H2.2, E3.3 and E3.5 of the Unitary Development Plan for the City of Manchester.

5) No development shall commence until a hard and soft landscaping treatment scheme has been submitted to and approved in writing by the City Council as local planning authority. The approved scheme shall be implemented not later than 12 months from the date the buildings are first occupied. If within a period of 5 years from the date of the planting of any tree or shrub, that tree or shrub or any tree or shrub planted in replacement for it, is removed, uprooted or destroyed or dies, or becomes, in the opinion of the local planning authority, seriously damaged or defective, another tree or shrub of the same species and size as that originally planted shall be planted at the same place, unless otherwise agree in writing by the City Council as local planning authority.

Reason - To ensure that a satisfactory landscaping scheme for the development is carried out that respects the character and visual amenities of the area, in accordance with policy H2.2 of the Unitary Development Plan for the City of Manchester.

6) No development that is hereby approved shall commence unless and until samples and specifications of all materials to be used on all external elevations of the development have been submitted to and approved in writing by the City Council as local planning authority. The development shall be constructed only using the approved materials unless otherwise agreed in writing by the City Council as local planning authority.

Reason - To ensure that the appearance of the development is acceptable to the City Council as local planning authority in the interests of the visual amenity of the area within which the site is located, as specified in policy H2.2 of the Unitary Development Plan for the City of Manchester.

7) No development shall commence until details of the measures to be incorporated into the development (or phase thereof) to demonstrate how secure by design accreditation will be achieved have been submitted to and approved in writing by the City Council as local planning authority. The development shall only be carried out in accordance with these approved details. The development hereby approved shall not be occupied or used until the Council as local planning authority has acknowledged in writing that it has received written confirmation of a secure by design accreditation.

Reason - To reduce the risk of crime pursuant to Policy E3.5 of the Unitary Development Plan of the City of Manchester and to reflect the guidance contained in Planning Policy Statement "Delivering Sustainable Development".

8) The wheels of contractors vehicles leaving the site shall be cleaned and the access roads leading to the site swept daily in accordance with a management scheme submitted to and approved in writing by the City Council as local planning authority prior to any works commencing on site.

Reason - In the interest of pedestrian and highway safety, as specified in policy H2.2 of the Unitary Development Plan for the City of Manchester.

9) Before development commences a scheme for the extraction of any fumes, vapours and odours from the premises hereby approved shall be submitted to, and approved in writing by, the City Council as local planning authority. The approved scheme shall be implemented prior to occupancy and shall remain operational thereafter.

Reason - In the interests of the amenities of the occupiers nearby properties in order to comply with Policy H2.2 of the Unitary Development Plan for the City of Manchester.

10) Deliveries, servicing and collections, including waste collections, shall not take place outside the following hours:

07:30 to 20:00, Monday to Saturday
no deliveries/waste collections on Sundays/Bank Holidays

Reason - To safeguard the amenities of the occupiers of nearby residential accommodation, pursuant to UDP policy H2.2

11) a) Before the development hereby approved commences, a report (the Preliminary Risk Assessment) to identify and evaluate all potential sources and impacts of any ground contamination, groundwater contamination and/or ground gas relevant to the site shall be submitted to and approved in writing by the City Council as local planning authority. The Preliminary Risk Assessment shall conform to City Council's current guidance document (Planning Guidance in Relation to Ground Contamination).

In the event of the Preliminary Risk Assessment identifying risks which in the written opinion of the Local Planning Authority require further investigation, the development shall not commence until a scheme for the investigation of the site and the identification of remediation measures (the Site Investigation Proposal) has been submitted to and approved in writing by the City Council as local planning authority.

The measures for investigating the site identified in the Site Investigation Proposal shall be carried out, before the development commences and a report prepared outlining what measures, if any, are required to remediate the land (the Site Investigation Report and/or Remediation Strategy) which shall be submitted to and approved in writing by the City Council as local planning authority.

b) When the development commences, the development shall be carried out in accordance with the previously agreed Remediation Strategy and a Completion/Verification Report shall be submitted to and approved in writing by the City Council as local planning authority.

In the event that ground contamination, groundwater contamination and/or ground gas, not previously identified, are found to be present on the site at any time before the development is occupied, then development shall cease and/or the development shall not be occupied until, a report outlining what measures, if any, are required to remediate the land (the Revised Remediation Strategy) is submitted to and approved in writing by the City Council as local planning authority and the development shall be carried out in accordance with the Revised Remediation Strategy, which shall take precedence over any Remediation Strategy or earlier Revised Remediation Strategy.

Reason - To ensure that the presence of or the potential for any contaminated land and/or groundwater is detected and appropriate remedial action is taken in

the interests of public safety, pursuant to H2.2 of the Unitary Development Plan for the City of Manchester.

12) Details of a Travel Plan with the objective of encouraging sustainable modes of transport for future occupiers of the development, and including particulars of its implementation and monitoring of effectiveness and how measures to improve effectiveness shall be implemented shall be submitted to and approved in writing by the City Council as local planning authority before development commences. For so long as the use is in operation the local planning authority shall be provided with such information as specified in the Travel Plan and all measures that are identified that can improve the effectiveness of the Travel Plan shall be adopted and implemented within a timescale agreed in writing by the local planning authority.

Reason - In order to promote sustainable modes of transportation, in accordance with the provisions contained within PPS13

13) The development hereby approved shall achieve a post-construction Building Research Establishment Environmental Assessment Method (BREEAM) rating of at least 'very good' or 'excellent' and at least three star sustainability rating under the code for sustainable homes for those elements of the development which are residential in nature. A post construction review certificate shall be submitted to and approved in writing by the City Council as local planning authority before any of the buildings hereby approved are first occupied.

Reason - In order to minimise the environmental impact of the development pursuant to policies E1.5 and E1.6 in the Unitary Development Plan for the City of Manchester, policies ER13 and DP3 of Regional Planning Guidance for the North West (RPG13) and the principles contained within The Guide to Development in Manchester 2 SPD and Planning Policy Statement 1.

14) Any external lighting shall be designed and installed so as to control glare and overspill into nearby residential properties.

Reason - To safeguard the amenities of the occupiers of nearby properties, pursuant to UDP policy H2.2

15) Immediately prior to any demolition works on the site commencing, a further inspection must be undertaken at the gable elevation with the aid of an endescope and conducted by a bat licensed person, in accordance with paragraph 7.1 of the bat survey by The Tyrer Partnership dated 23 February 2009 that accompanied the planning application. Prior to this being undertaken, the exterior brickwork should be investigated for the presence of bat droppings. In the event of a roost being found, before any further work could commence that would affect the roost, a European Protected Species Licence would be required which would include appropriate mitigation for the species concerned. Full results of the further inspections must be submitted to and approved in writing by the City Council as Local Planning Authority before any demolition can take place.

Reason - To ensure the protection of habitat of species that are protected under the Wildlife and Countryside Act 1981 or as subsequently amended in order to

comply with Policies E2.2, E2.3 and E2.4 of the adopted Manchester Unitary Development Plan.

16) The development hereby approved shall include biodiversity enhancement measures such as the incorporation of bat boxes/tubes into the new building and the provision of bird boxes in the garden. Before development commences, full details of the proposed biodiversity enhancement measures shall be submitted to and approved in writing by the City Council as Local Planning Authority. The development shall then be implemented in accordance with the approved details.

Reason - To encourage biodiversity within the area pursuant to policy E2.4 of the adopted Manchester Unitary Development Plan.

17) The building hereby approved shall be used for a nursing home for Elderly Mentally Infirm patients only and for no other purpose (including any other purpose within Class C2 of the Schedule to the Town and Country Planning (Use Classes) Order 1987 (as amended), or in any provision equivalent to that Class in any statutory instrument revoking and re-enacting that Order with or without modification).

Reason - To ensure that the community within which the application site is located remains sustainable, pursuant to UDP policies H1.5 and DC2.

18) Notwithstanding the information shown on the approved drawings, before development commences, full details, including scaled drawn information, of the vehicular and pedestrian visibility splays at the vehicular entrance into the site shall be submitted to and approved in writing by the City Council as Local Planning Authority. The development shall then be implemented in accordance with the approved details and the visibility splays shall be retained at all times thereafter.

Reason - To ensure an acceptable development in terms of vehicular and pedestrian safety, pursuant to UDP policy H2.2

19) Notwithstanding the information shown on the approved drawings, before development commences, full details, including scaled drawings, the position and operational information, of the proposed vehicular access gates shall be submitted to and approved in writing by the City Council as Local Planning Authority. The development shall then be implemented in accordance with the approved details and the gates shall be retained at all times thereafter.

Reason - To avoid cars waiting on the public highway whilst the vehicular access gates open, pursuant to UDP policy H2.2

Signed……

Peter Babb, Head of Planning

on behalf of the Council
Town Hall,
Manchester M60 3NY

NOTES

1. Leaflets attached:

2. This permission refers only to that required under the Town and Country Planning Act 1990 does not include any consent or approval under any other enactment, byelaw, order or regulation**.**

3. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the First Secretary of State in accordance with Section 78(1) of the Town and Country Planning Act 1990 within six months of the date of the notice of the decision.

The Planning Inspectorate have introduced an online appeals service that can be used to make appeals online. This service is available through the Appeals area of the Planning Portal – www.planningportal.gov.uk/pcs. The Inspectorate will publish details of your appeal on the internet (on the Appeals area of the Planning Portal).

This may include a copy of the original planning application form and any supporting documents supplied to the local planning authority. By you or your agent, together with the completed appeal form and information you submit to the Planning Inspectorate. Please ensure that you only provide information, including personal information, that you are happy will be made available to others in this way. If you supply personal information belonging to a third party please ensure you have their permission. More detailed information about data protection and privacy matters is available on the Planning Portal.

Alternatively, appeals can be made on a form which is obtainable from Planning Inspectorate, Customer Support Unit, Room 3/15, Eagle Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 or by telephone 0117 372 6372.

The First Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances that excuse the delay in giving notice of appeal.

4. The statutory requirements are those set out in Section 79(6) of the Town and Country Planning Act 1990, namely Sections 70(1) and 72(1) of the Act.

5. If either the local planning authority of the First Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990

6. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to

conditions by the First Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.

Appendix A – Standing Advice Regarding Coalfield Area

The proposed development lies within an area which could be subject to current coal mining or hazards resulting from past coal mining. Such hazards may currently exist, be caused as a result of the proposed development, or occur at some time in the future. These hazards include:

- Collapse of shallow coal mine workings.
- Collapse of, or risk of entry into, mine entries (shafts and adits).
- Gas emissions from coal mines including methane and carbon dioxide.
- Spontaneous combustion or ignition of coal which may lead to underground heatings and production of carbon monoxide.
- Transmission of gases into adjacent properties from underground sources through ground fractures.
- Coal mining subsidence.
- Water emissions from coal mine workings.

Applicants must take account of these hazards which could affect stability, health & safety, or cause adverse environmental impacts during the carrying out their proposals and must seek specialist advice where required. Additional hazards or stability issues may arise from development on or adjacent to restored opencast sites or quarries and former colliery spoil tips.

Potential hazards or impacts may not necessarily be confined to the development site, and Applicants must take advice and introduce appropriate measures to address risks both within and beyond the development site. As an example the stabilisation of shallow coal workings by grouting may affect, block or divert underground pathways for water or gas.

In coal mining areas there is the potential for existing property and new development to be affected by mine gases, and this must be considered by each developer. Gas prevention measures must be adopted during construction where there is such a risk. The investigation of sites through drilling alone has the potential to displace underground gases or in certain situations may create carbon monoxide where air flush drilling is adopted.

Any intrusive activities which intersect, disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) require the prior written permission of the Coal Authority. Such activities could include site investigation boreholes, digging of foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes.

Failure to obtain Coal Authority permission for such activities is trespass, with the potential for court action. In the interests of public safety the Coal Authority is concerned that risks specific to the nature of coal and coal mine workings are identified and mitigated.

The above advice applies to the site of your proposal and the surrounding vicinity. You must obtain property specific summary information on any past, current and proposed surface and underground coal mining activity, and other ground stability information in order to make an assessment of the risks. This can be obtained from The Coal Authority's Property Search Service on 0845 762 6848 or at www.groundstability.com
