Dear Rebecca

CROWNE PLAZA HOTEL, SHUDEHILL, MANCHESTER
Advertisement Application

Further to our telephone conversation and my subsequent email to you on Wednesday 19 March, I now enclose a further four copies of the site plan and "lozenge" sign drawings showing the changes that we have agreed. That is the removal of the flagpoles and the change in construction of the three "lozenge" signs from polycarbonate to polyester powder coated stainless steel with a raised profile oval surround and raised logo.

As previously discussed by the developer and Dave Roscoe, all other elements of the application will remain the same. As you have the completed application forms and a new cheque for the application fee, I trust that you will now register the application.

Yours sincerely

STUART ALDRED
