594 Stockport Road Longsight Manchester

Disabled Access Statement 20.12.07

The proposal for access into the take away in accordance with Design for Access 2 Guidelines

The door to the proposed take away must

1. Have clear openings of 1000mm free from projections (door furniture)
2. Have automatic entry with a closing force not exceeding 20 Newton's with any hold open device fixed at the top rather than the bottom of the door
3. Have kicking plates 250mm high fitted to both sides of the door
4. Door furniture to contrast with the door and the door itself should contrast with its frame / surround
5. The doors to the retail units will be fully glazed and will require contrasting strips at heights of 1000mm and 1500mm with the leading edge being colour and luminance contrasted with all glazing laminated
6. Locks to be fitted at a height of850mm above floor level
7. Catches/ handles should contrast in colour and luminance with their surroundings
8. Appropriate signage to be fixed to the glazing
9. All retail entrance doorways are at ground level with flush thresholds
