Dear Sirs

**APPLICATION FOR EXPRESS CONSENT FOR ADVERTISEMENT CROWN / MoD PROPERTY**
**TA CENTRE BELLE VUE STREET MANCHESTER M12 5PW**

I enclose for your consideration our application for express consent for one advertisement display at the above location.

As will be seen from the submitted drawing this particular display will be freestanding in line with the perimeter palisade fence adjacent to the Southerly entrance to the site. The display will be of timber & metal construction finished to a high standard.

The application site is not close to any busy junctions & can be assimilated from a reasonable distance by road users on Belle Vue Street. The display will be static with no moving parts or images. Accordingly I hope your highways department will agree that the proposed advertisement will not be detrimental to public safety.

The site itself is Crown Property (MoD) & comprises of a TA centre with associated buildings / stores as well as open yard space for storage of vehicles & equipment. The display will be visible to pedestrians & traffic on this predominantly commercial area of Belle Vue Street. There are also a number of existing similar sized displays in the vicinity.

The number of new recruits to the Armed Forces & TA is falling year on year & the proposed display will hopefully be a useful promotional tool.

I look forward to receiving your favourable decision but should you have any queries please do not hesitate to contact me.
