Notes
The following strategy should be prepared using the guidance document available from:

http://www.manchester.gov.uk/opservices/rubbish/developers.htm

1. Number of bins proposed?

- Please provide details of the number of bins proposed and how this was
- Calculated.

Number of sacks are currently purchased on demand from the Environment Agency. The same system will be adopted on obtaining Planning Permission for the Learning Academy. See Current Contract for details.

2. Bin storage area

-
- Please include a plan of the proposed bin storage area, showing the bins that are proposed and the proposed collection point.
- Please describe how occupants will transfer waste to the bin store and the distance travelled in doing so.

Refuse sacks will be stored under the stair cupboard. Cleaning staff will store refuse sacks under the stair cupboard and leave sacks for collection on the street on collection. Approx 2m walk.

3. Bin collection arrangements

- Please describe the bin collection area, including how and where bins will be moved to in order to reach the collection vehicle.
- Please include plans showing how the collection vehicle will travel around the site.

Refuse sacks to be placed on street for collection on the day of collection. Refuse vehicle will travel on public highway.
