Subject: RE: Garden's and Little Lever Planning
Attachments: wasteexample.pdf; Waste Management Strategy.docx

Present:
General Waste 1100 litres – 2 number 3 collections per week
Glass 360 litres – 1 number 1 collection per month

Proposed:
General Waste 1100 litres – increase of 1 number 1100l bin at little lever street to be collected 3 times per week
Recycle Mix 1100 litres – Increase of 1 1100 bin to be collected 2 times per week
Glass 360 litres – Increase of 2 360l bins to be collected 2 times per week.

The waste for the retail units at Little lever street would be included as a service charge and therefore would utilise the Hotel bins.

Dear Neeraj,

Could you please ask maintenance staff in the hotel to fill in the enclosed proforma for the waste manage procedure.
This was requested as part of the validation process.

Thanks in advance,

Yours,

Mark
