Mixed Recycling	**240**	2	3 X PW (720)	Internal Bin Store	Bins wheeled to street	Wood Street
Oil	**120**	1	1 x PW (120)	Internal Bin Store	Container is drained and replaced	Internal Bin Store
Food Waste	**240**	1	7X PW (1200)	Internal Bin Store	Bin wheeled to street	Wood Street

Additional information:

1) **Food waste will be removed for Anaerobic Digestion (AD)**

2) **50% of pulpable waste will be collected and reused by our supplier** **R Noone & Sons Ltd**

3) **There will be a de-watering unit on site to reduce food waste bulk by up to 80%**

4) **Pickups occur between 7am - 8am daily**

5) **The unit in London's Soho uses only 2 x 1100 bins and 1 x 240 food waste bin succesfully on 5 pickups per week. We anticipate a similar level of trade to this unit**

6) **The above bins stand together in our ventilated & chillled Rubbish Room - shown on plan**

The Refuse Company we will be using is: One Stop Managed Waste Solutions Ltd
Unit 23 Prospect House, Coliery Close, Staveley, Chesterfield S43 3QE
