Note:
Do not scale from this drawing.
Dimensions are to be checked on site.
If in doubt please ask.

Ground floor windows (A) are to have fixed panes within the lower part of the window with an openable pane above. Half of the lower pane of glass is to have film applied to obsure views into the ground floor studios. This change is as a result of dialigue with Greater Manchester design for security. Please see correspondence from Bradley Hart for further notes.

A 03.12.2015 Ammendments for secure by design
