Part 1 – Particulars of the application/development

Proposal: Erection of part single, part two-storey rear extension, elevational alterations to the front including installation of dormer and erection of porch to form additional living accommodation following demolition of garage

Location: 98 Brantingham Road, Whalley Range, Manchester, M16 8LZ

Date of application: 20 May 2014

Application number: 105672/FH/2014/S1

Part 2 – Particulars of decision

Manchester City Council gives notice that the development referred to in Part 1 has been **Refused** in accordance with the application and plans submitted for the reason(s) listed below.

Article 31 Declaration

Officers have worked with the applicant in a positive and proactive manner based on seeking solutions to problems arising in relation to dealing with the planning application. In this case, the assessment of the application alongside a site visit established that the proposal represents an overdevelopment of the site. These concerns were related to saved UDP policy DC1 and Core Strategy policy DM1 and the applicant was subsequently advised that the development was unacceptable.

Reason(s) for decision

1) The cumulative impact of the proposed rear extension with previous extensions to the property would result in the extensions no longer being subservient to the original dwellinghouse. The proposal therefore represents an over development of the site to the detriment of the character and visual amenity of the area. The proposed development is therefore contrary to the provisions of Core Strategy policy DM1 and saved Unitary Development Plan policy DC1.

2) The proposed two storey rear extension by reason of its size and close proximity to the boundary with 213 Withington Road would have an overbearing impact on the side garden to the detriment of the enjoyment of that area by the occupants of the property. The proposed development is therefore contrary to the provisions of Core Strategy policy DM1 and saved Unitary Development Plan policy DC1.
