Strategy prepared by:
Date Prepared: 2014.01

Notes
The following strategy should be prepared using the guidance document available from:

http://www.manchester.gov.uk/opservices/rubbish/developers.htm

1.	**Number of bins proposed?** - Please provide details of the number of bins proposed and how this was calculated.	
	4 wheeled bins plus 1 plastic sack will be provided to each property as required within your New Development Guidelines document. Recycling facilities are included internally within each unit.	
2.	**Bin storage area** - Please include a plan of the proposed bin storage area showing the bins that are proposed and the proposed collection point. - Please describe how occupants will transfer waste to the bin store and the distance travelled in doing so.	
	The submitted plan shows the location of storage for each bin. The bins will be moved to the collection point on collection days.	
3.	**Bin collection arrangements** - Please describe the bin collection area, including how and where bins will be moved to in order to reach the collection vehicle. - Please include plans showing how the collection vehicle will travel around the site.	
	Residents will move bins to the kerbside on collection day. At the end of collection day residents will return bins to the storage area. The vehicle will stop on the carriageway to collect recycling & waste.
