

The Curling Club, New Jackson , Manchester

Noise Management Plan 2025-6

The purpose of the plan is to manage guests within the venue in order to cause minimal disturbance or nuisance to neighbours, pedestrians and to make the minimal impact upon the neighbourhood in relation to potential nuisance and anti-social behaviour.

- Signage to be displayed at the entrance/exit to request that guests respect our neighbours and leave the premises quietly.
- All guests must be warned of the venue will be closing with last orders 10.30 pm and cleared from the venue by 11pm this is to be handled by the Manager on Duty in conjunction with designated security.
- All guests must be told it is last orders, and advised of closing time 30 minutes before closing, this is to be handled by the Manager on Duty.
- No drinks are permitted inside or outside after 11pm
- At 11pm when the venue is clear external doors and windows to service hatches externally are to be closed.
- No team must use the venue after 12.00am (Cleaning of the venue etc between 11pm-12am)
- Outside areas to be swept at end of each night/First thing in morning and neighbouring areas checked for glassware/ rubbish.
- Under no circumstances are the team to use the outside area after closing.
- Management team must regularly check outside to ensure all guests are drinking within the venue area.
- During opening hours there will be regular inspection of external areas by management and glass collectors to ensure no glassware is left externally or on neighbouring property and to ensure noise is kept into an acceptable level.
- All guests should have left the venue no later than 30 minutes after bar closure with licensed hours.
- Upon leaving guests will be asked to disperse with respect to our neighbours.
- Outside the venue to be checked at end of each night and neighbouring areas checked for glassware by the Duty Manager.
- When this is complete and the last guests have left the area, external doors and windows should be secured and the outside lights turned off.
- DB Levels not to exceed 85. This should be recorded at beginning, Mid and 9.30pm. (If levels exceed the reason should be stated and timestamped)
- A video with a DB rating to be made from outside the venue along the external perimeter of the premises. This to be stored for 30 days.
- All team should have left the venue no later than 60 minutes after finishing. Or by 12am latest.
- Any problems enforcing any of the above should be logged by Duty Management on the DM closing checks so there is a log of any problems.

I hereby confirm I have read and understood the internal and external noise management plan
