Comment Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: The massing of the development is not in keeping with the local area. The extrapolation of the existing Top of Building level to the perimeter of the site doesn't justify its context.

Whilst I am supportive of the site being developed, I believe the development will have a significant impact on the look and feel of the local community, and open up a precedence for more larger scaled construction projects, which would be a worry.
