Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Five years ago I gave consent for the marquee to go ahead. This time around I would object very strongly to it having a further three years.

My objections are based on the following reasons.

I feel the functions that take place are not suitable here as hundreds of cars turn up often extremely loud supercars which I imagine have been hired for the day and the drivers sit on collage road revving the engines and blasting the horns.

They all wait blocking the road until the couple going to be married actually enter the site. We find this totally anti social and ruining the air quality plus extremely difficult to get out of our house and up the road. This is also very troubling should an ambulance have to get past.

Often when we have requested that engines are turned off we have been insulted and told to get back in our house sometimes in a very aggressive manner.

I know the owner's of the marquee have said they have security present but this is actually not true. On many occasions the party guests also let off large flares and also after the wedding they have on many occasions let off huge fireworks which our dog is absolutely terrified by.

On a side note this temporary event tent is not in keeping with the listed building. If this is actually temporary how long will it be here for and I fear this will lead to a permanent building.

The parking is also hugely insufficient so cars are parked all over the grass it is being ruined. I noticed also at the rear of the land a huge stack of lattice matting which I presume is to be placed on the grass. I can only talk of our experience of the marquee and it makes our life miserable I can only imagine what it must be like for the people that have to put up with the noise at the rear and sides of the bmhc let alone what it must be like to live on Clarendon road when the guests exit on mass.

Thanks for the opportunity to air my voice on this and I hope you will seriously consider not granting further permission for the marquee to exist in this location.
