Comment Details

Commenter Type: Member of the Public

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment:1. There are not enough parking spaces proposed to support the planned residencies. The local streets are already fully used by residents, increasing the local population without supporting parking will further pressure the local road network.

2. There are not enough commercial opportunities proposed in the plans. To raise the profile of Chorlton, and making it a destination, supporting commercial opportunities should raise the profile of the area.
