Commenter Type: Neighbour

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: Dear Planning committee,

I would like to support this application as a nearby resident.

Green spaces located within Manchester are sparse and should be protected and enhanced. This essentially vacant plot could be dramatically improved with proper landscaping to provide a space that communities across South Manchester can enjoy.

As a resident living in the Northern part of Chorlton and working from home, it would be hugely beneficial to have a space where I could walk and eat lunch on a day to day basis.

Although I understand the need for more housing, I think projects like Chorlton One precinct are a better use of space. Enabling more residents but also preserving green spaces.
