

Management Strategy for Outdoor Seating Area Closure

This document outlines the management strategy for the closing of The Lawn Club's external seating area, in accordance with The Lawn Club Operating Policies.

Operational Procedures for Outdoor Seating Area Closure

The following procedures will be strictly adhered to regarding the use and closure of the external seating area:

- The use of any external areas shall cease at 11:00 PM.
- The SIA Security team will begin informing guests of the impending closure by 10:30 PM.
- Management will perform a sweep of the outdoor seating area by 10:45 PM to ensure all patrons are transitioning indoors.
- All patrons must be moved into the venue by 11:00 PM.
- SIA Security team members will be positioned by the exit to the lawn (which also serves as a fire exit) from 11:00 PM until the venue is fully closed.
- External gates to the outdoor seating area will be locked when the venue is closed.

Security and Monitoring

The external seating area is covered by three CCTV cameras to monitor activity and ensure adherence to these closure procedures.

Compliance and Rationale

This management strategy is implemented in the interests of amenity, specifically to reduce noise and general disturbance in accordance with the following policies:
