Comment Details

Commenter Type: Member of the Public
Stance: Customer objects to the Planning Application
Comment Reasons:
Comment:This plan does not suit the residential nature of Chorlton. Six huge blocks of flats which are too high and with 262 flats means an over-developed site and very high density living conditions pressing already existing infrastructure. Equally the planned architecture is ugly without any aesthetic appeal. Planning needs to involve more local shops and green spaces for the large community and people that visit Chorlton for both retail and social purposes.
