Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

The proposed alteration involves the installation of an air conditioning system within the apartment, serving two bedrooms to mitigate overheating. The associated external equipment will be located on the roof terrace, which is behind the pitched roofs and thus not visible from external viewpoints. Careful consideration has been given to the placement of the air conditioning equipment and ducting to minimize visual impact. The external equipment will be screened on the terrace with materials matching the existing finishes. Ducting routes will be limited to a maximum height of 1200mm, consistent with the existing roof terrace fence, to minimize high-level additions to the external walls.

Details of the pre-application advice received

Initial proposals were submitted to the planning officer to obtain preliminary feedback from him and his conservation officer colleagues. Their response confirmed the principle of acceptability for a submission proposing one openable window and the installation of an air conditioning system. All recommendations received have been incorporated into our current proposals.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:
(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

◯ Yes
⊘ No
