Dear Jennifer,

48 King Street, Manchester, M2 4LG: Application for Planning Permission and Listed Building Consent for replacement plant

Introduction

On behalf of our client Belstaff International Ltd, please find enclosed an application for planning permission and listed building consent for the proposed installation of replacement air handling plant and associated infrastructure including internal and external works at the above building. The works proposed will allow the basement and ground floor of the building to continue to operate for retail use by our client.

The works proposed represent the second phase of investment in the premises by Belstaff which has recently refurbished the basement and ground floor for retail use (phase 1 of the investment). The replacement air handling units proposed will provide air conditioning for the retailer, their staff and customers and thereby help secure the useability and long-term future of the retail floors of the listed building.

The submission consists of this letter and the supporting plans and documents which are listed below.

Submitted Plans and Reports

Information submitted as part of this application includes:

Cover letter 24.2015/24.07.25/ldt01ja;

Completed Planning and Listed Building Application Consent Form;

Lithomex Stone Restoration and Repair Mortar Sheet, prepared by Ty Mawr; and

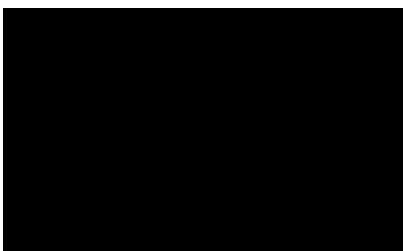

Heritage, Design and Access Statement prepared by Paul Butler Associates, 14 July 2025.

Policy Compliance

An assessment of the physical impact of the proposals has been undertaken in the context of adopted national and local planning policy. Please refer to the Heritage, Design and Access Statement submitted in support of this application.

The scheme has been developed by a Team with substantial knowledge and experience of shopfit out/air conditioning and is led by led Smart Jones on behalf of the applicant. Other team members include, The Engineering Practice and Jameson Acoustics. The Team looks forward to continuing working closely with the Council's officers in progressing this application through to determination.

Yours sincerely
