In this instance, a flood risk assessment was subsequently submitted by the applicant for further assessment, (dated 29/09/2025). The initially submitted plan has also been revised in the interest of privacy and revised plans subsequently submitted, (dated, 07/10/25). The local planning authority had no issues to raise with the agent but have attached appropriate conditions to the approval.

Condition(s) attached to this decision

1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

*MCC records and historic mapping highlight that there is a risk of a culverted watercourse (Della Brook) on-site. Inappropriate development around culverts presents a risk of collapse. This risk must be addressed to protect both proposed building and the local area from flood risk.

5) Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any order revoking and re-enacting that Order with or without modification) no windows or doors shall be inserted into the elevations of the extension hereby approved other than those shown on: Proposed Elevations, drg no: P-03, Rev B and Proposed Site Plan and Floor Plans, drg no: P-02, Rev A, both received by the City Council as the Local Planning Authority on 07 October 2025.

Reason - In the interests of privacy, pursuant to policy to saved policies DC1 of the Unitary Development Plan for the City of Manchester and SP1 and DM1 of the Core Strategy for the City of Manchester.

7) Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended) (or any order revoking and re-enacting that Order with or without modification) no part of the development shall be used for any purpose other than the purpose(s) of Class C3(a) of the Schedule to the Town and Country Planning (Use Classes) Order 1987 (as amended) (or in any provision equivalent to that Class in any statutory instrument revoking and re-enacting that Order with or without modification). For the avoidance of doubt, this is use by a single person or by people living together as a family.

Reason - In the exceptional circumstances of a proliferation of HMOs and short term lets restricting housing choice and adversely affecting sustainability and in the interests of residential amenity, to safeguard the character of the area and to maintain the sustainability of the local community through the provision of accommodation that is suitable for people living as families pursuant to paragraph 7.4 of the Guide to Development in Manchester: Supplementary Planning Document and Planning Guidance, the National Planning Policy Framework and policies SP1 and DM1 of the Core Strategy for the City of Manchester.

Informatives

This decision relates to the extension or improvement of an existing dwellinghouse, falling within Class C3 of the Town and Country Planning (Use Classes) Order 1987 (as amended) and does not infer or imply approval for the use of the property for any other purpose.

Manchester City Council has made an Article 4 Direction to remove permitted development rights that allow for a change of use from Class C3 - *Dwellinghouses* to Class C4 - *House in Multiple Occupation*. This means that from 8 October 2011, planning permission is required for a change of use from a Dwellinghouse to a House in Multiple Occupation. Further information regarding the Article 4 direction can be found on Manchester City Council's website:

www.manchester.gov.uk/info/200074/planning/4847/article_4_direction
If you intend to use the property to which this decision relates for any purpose other than a dwellinghouse, you should first contact Manchester City Council's Planning Service. Failure to obtain any necessary planning permission prior to carrying out a material change of use or physical development could result in enforcement action being taken, which can have serious implications.

This permission does not grant approval under Building Regulations.

Culvert:

MCC records highlight a risk that the underground Della Brook is located within the site boundary. While our records are frequently updated to ensure the highest level of accuracy, the records cannot guarantee 100% accuracy for all culverted assets. Therefore, we would request that the applicant informs the onsite contractor to remain observant and to take the appropriate safety precautions
during excavation works. If any major unknown drainage assets are found beneath the site, then Manchester City Council LLFA further investigation works should take place to identify the asset and MCC Lead Local Flood Authority (LLFA) should be contacted immediately. Any alterations to an ordinary watercourse will require consent from MCC LLFA under Land Drainage Act 1991. The developer can apply for land drainage consent (if required) via the following link:
https://manchester.civicapayforms.co.uk/Sales/LaunchInternet.aspx?saleform=drainage
.

Riparian Landownership:

If the culverted Della Brook is present on site, the applicant remains the riparian landowner for the section of culverted watercourse. The riparian landowner is responsible for ensuring the natural flow of water through the watercourse, and for maintaining it by removing blockages that may impede the flow of water or cause flooding or repairing any collapses.
