KEY PLAN

NOTES

The site drawing is based on a combination of Ordnance Survey mapping and topographical survey. The initial topographical survey was carried out by BrightSurv Ltd in May 2023 and was updated in February 2025 to include the access road entrance. A further update to the topographical survey was completed in July 2025, extending coverage to the North-East of the site along Wythenshawe Road.

The location of the foul water main sewer is based on a traced survey undertaken by Solum Surveying Ltd. A 5 metre easement, measured from the centreline of the sewer, has been indicated in accordance with the requirements of United Utilities.
